The Hyderabad Karnataka Education Society was established in 1958, which runs more than forty educational Institutions. It has established Engineering College early in 1958, first Degree College in Bidar district in 1960, and Medical College in 1963 in this backward region. Our society also runs Dental, Pharmacy, Homeopathy, Law, B. Ed. Colleges and so on. It works on the philosophy of education, enunciated by the President and Governing Council members of our Society, the philosophy goes thus, *and “No religion is greater than service. Teaching and Learning not only for the sake of livelihood, but also for the welfare of others, thinking that serving humanity is serving God”* is the mantra of our founder President Late Sri Mahadevappa Rampure. The vision of founder president was to impart education to the children of rural, industrial workers, poor and down trodden people to create interest in the field of literature, cultural and sports activities.

“Many miles to go and many promises to keep”

“Service to humanity is service to God”

PREFACE

B. V. BHOOMARADDI COLLEGE OF ARTS, SCIENCE, and COMMERCE was established in the year 1960. This College is located in an urban backward district and is affiliated to Gulbarga University Kalaburagi (GUK). The institution is conferred with permanent affiliation status in 1996. It is also recognized by UGC under section 2 (f) & 12(B) status in 1960. This multi-faculty college consists of four UG & One PG course and spread over 52.4 acres of land. At present there are 26 permanent faculties and a librarian and 41 guest lecturers are working. Apart from this, there are 08 permanent and 07 temporary administrative staff, 03 technical staff and 13 menial staffs are working in this college. Besides this we have student strength of 1038, 1020 students from within the state and 18 from out of state. This college follows semester system scheme for all the courses. It is a Grant-in-Aid College in addition to this; courses like B.Sc. (Comp. Sci.), BCA and M.Sc. (Comp. Sci.) is being run under self-financing scheme.

The College is committed to transfer the relevance of the study of Humanities, Commerce and Science in this electronic era to equip the present generation with the knowledge and training of computers. The college strives to deliver quality education by providing and improving continuously a conducive environment for teaching and learning. The college on the one hand offers traditional courses like B.Sc., B. A and B.Com and on the other hand it offers courses like B.C.A, M.Sc. (Computer Science) and also a Certificate Course in Computer hardware and Networking under Career oriented Programme sponsored by UGC. In addition to this there is large number of online certificate courses offered by NPTEL & Spoken Tutorial Project sponsored by IIT Madras and IIT Mumbai respectively.

The previous visit of the NAAC is the touch stones of quality parameters. They have given us the impetus and zeal to sustain and enhance quality in every sphere of education. The peer team visited the college during the first cycle of accreditation in 2004 and Second cycle in Nov. 2011. The college was awarded 'B⁺' and 'B' Grade (with 2.94 CGPA) respectively.

The first and second cycle of NAAC accreditation has galvanized us into action. The ebbs and flows have kept us on our toes, literally and figuratively for the past many months. Each member of this college is willing to co-operate with our fast growth trajectory through discussion and brain storming sessions that has pushed us upward to ascend the ladder of success.

The task of preparing the Self Study Report (SSR) for NAAC Cycle III has been an invaluable opportunity to re-mould and recast our aspiration to a fast track mode. The stake holders have been good enough to shoulder our dreams to achieve the targeted goals. Our purpose has been to throw open an account of the wide ranging achievements that we have been engaging with sustaining facts. We have been truthful in recording to submit a comprehensive report. It is our hope that this synergy of interdepartmental collaborations and partnership with academicians, and Industries of national acclaim, as well as joint venture to expand and mature, will be the right moment for a blooming opportunity to mould competent students.

This Self Study Report is submitted to NAAC for Re-Accreditation Cycle III. The SSR comprises of the Preface, Overview of our Society, Criterion-wise Executive Summary with SWOC analysis, Profile of the Institution, Criterion-wise analytical report, Evaluative Report of the Departments, Action taken in response to Cycle II Report and its recommendations as per the guidelines of NAAC.

We are very glad to mention here that the completion of this Self Study Report is with the whole-hearted support and excellent co-operation of the entire team Teaching and Non-Teaching Staff of our College. First of all, we would like to thank our beloved President and Governing Council Members of Hyderabad Karnataka Education Society in general and Dr. Basavaraj G. Patil Governing Council member (Local) in particular. They are the visionary who have contributed significantly to achieve quality and academic excellence in our Institution. We wish to extend our sincere thanks to all the Heads of the departments and other members of our college who have extended their fullest co-operation, valuable inputs and support to our team. The preparation of SSR is not an easy task but for the combined effort of the entire IQAC team. We are grateful to all our hard working teaching and non-teaching staff. We extend our gratitude to Dr. Mallikarjun Hangargi, Dr. Ashok Jeevangi & Dr. P. G. Jawalgi for their constant support & encouragement.

It is with immense joy and a sense of fulfillment that, we herewith present the SSR to the NAAC for validation & accreditation.

Thanking you,

Dr. S. B. Gama

CRITERION-WISE EXECUTIVE SUMMARY AND SWOC ANALYSIS

CRITERION – I - CURRICULAR ASPECTS

This College is a multi-faculty college affiliated to Gulbarga University Kalaburagi (GUK). The institution follows the curriculum designed by affiliating University. As per the University regulation part-I consist of Indian languages and part-II consists of optional subjects. Students are free to select any two Indian languages from part-I and any three subjects of equal importance from part-II. The institution offers 04 Indian languages for all streams where as in part two for BA Course there are twelve flexible combinations of 3 subjects of equal importance & 6 combinations in BSc Course where in BCom / BCA / MSc (Comp. Sci.) have fixed

Subject combinations.

Apart from the Grant-in-Aid courses i.e. BA / BSc / BCom, the Institution offers BSc Computer Science, BCA and MSc in Computer Science under self-financing scheme. The credit based choice system (CBCS) is adopted in PG course as per the university regulation.

The Institution collects feedback on curriculum from the students and other stake holders informally. The same is analyzed in the departmental meetings and the suggestions are communicated to the university Departments for its effective implementation.

- The Curriculum is reviewed Periodically
- The academic programmes offered in the college are in line with vision, mission and goals of the institution to equip students with knowledge and skills to meet the regional and global challenges with confidence.
- The Institution offers a certificate course in Computer Hardware and networking under the career oriented programme.
- As the college is affiliated to Gulbarga University, Kalaburagi, it follows the curriculum designed by the University. However the members of the staff, who are in the Board of Studies, make significant contribution on the design and development of curriculum—which is revised once in three years.
- A calendar of events is framed by the college as well as by the department. Teachers prepare teaching plan for every semester which is reviewed by the respective heads of the Department and the Principal regularly.
- The effective delivery and transaction of the curriculum is ensured using ICT based teaching tools, library, Internet facility, students seminar, projects, special invited lectures, institutional level workshop/Seminar, debate, quiz, Group discussion etc.,.

- We have committed teachers to impart knowledge to the students.
- The college has 18 Departments offering six different combinations in Science and 12 different combinations in Arts thus providing flexibility of the subject combinations to the students.
- A language improving course for 1st year students aims at improving English communication skills through Digital language lab.
- The college has an active placement cell which not only organizes campus drive but also trains the students by conducting various training programmes, where in the students are focused on confidence building, leadership qualities, developing healthy and interpersonal relationship, which ensures them to face competitive world successfully.
- The institution Registered with IIT Mumbai for Spoken Tutorials Classes will enable students to access the information through “Free Open Source Software’s” (FOSS) to enrich their knowledge.
- The Institution has established NPTEL (National Programme on technology enhanced Learning) local chapter with IIT Madras. Students can also enrich their knowledge and employability skill through enrolling themselves to the online certificate course offered by this organization.

CRITERION – II - TEACHING - LEARNING AND EVALUATION

The admission for UG and for PG programmes is based on personal counseling. The minimum cut off marks for UG is 35 % and for PG it is 50 %. The teaching and learning process is quite comprehensive and student centered. The college works for more than the stipulated period of 180 teaching days. Teaching-learning process through the practices like use of ICT, charts, internet, field work, internal tests, assignments, seminars and terminal examinations becomes a complete exercise. The college follows the University semester examination system. Apart from this students are given assignments, class tests, group discussions, brain storming sessions, personal care and remedial classes for slow learners. Special remedial classes are conducted for educationally disadvantaged students whereas advanced learners are given special guidance and are motivated to prepare for various competitive examinations. Many experts are invited to deliver special lectures for the benefit of students and staff to enrich their knowledge.

The College authorities encourage the teachers to participate in academic developmental programmes such as orientation, refresher courses, seminars/workshops, conferences, training programmes etc. In the last four years 23 teachers have been benefited from these programmes. Thus efforts have been made for the teaching-learning process more productive and meaningful for the students.

The College has a mechanism for the recruitment of the Guest faculty. Teachers have been recruited based on the existing workload every year.

The College adopts a systematic mechanism for evaluating a teacher. The Principal and feedback committee collects the feedback from the students about a teacher, course and Institution respectively. After thorough review, wherever applicable, the Principal holds a meeting with the concerned staff member/s for necessary improvement. The College collects self-appraisal of the teachers regularly. Senior faculty members participate actively in BOE and BOS meetings as a Chairman or a member of the Board at University level.

- Adequate publicity regarding admission is announced well in advance on the notice board of the college and through college website. A detailed prospectus is provided along with application form.
- Admission committee is constituted to look after the admission process which strictly adheres to the guidelines of the Govt. and University.
- The student is counseled regarding the combinations of the subjects suitable to him / her for proper judgment.
- The college is committed to achieve overall development of students. Thus in addition to regular teaching learning activities, we organize many programmes such as special lectures, study tours, student's seminar, debate, group discussions, quiz etc.
- Slow and advanced learners are identified through classroom interactions and internal assessment test.
- Remedial classes are conducted for the slow learners.
- We have well equipped central and departmental library with Internet facility to access the INFLIBNET and other e- learning resources.
- The institution is sensitive to the needs of socially and economically backward students.
- About 40% of the students enrolled are girls.
- An academic calendar of events is prepared in the beginning of every academic year.
- Faculty members prepare individual teaching plans.
- Traditional Lecture method is supplemented by innovative teaching tools and learning resources.
- ICT enabled teaching methods are also used by most of the faculties.
- The institution has 16 teachers with Ph. D. and 18 teachers with M. Phil degrees.
- The College library has subscribed with N-list programme i.e. INFLIBNET. Both faculty and students are making use of databases where they can access to many e-journals and e-books.

- Evaluation process is communicated to the students through SMS, by mentor and respective subject teachers.
- The performance of the students is brought to the notice of the parents through SMS by concerned mentor.
- The result of the college is quite good and it is satisfactory when compared to the University total result. The proportion of student's results with distinction is comparatively high.
- The laboratory facilities are adequate and updated as per the needs.
- The Institute evaluates the curriculum, teaching and learning process by collecting feedback from the students and their parents.
- The mentor helps the student to understand the organizational culture he will keep all the personal information & academic progress of the mentee. Apart from this he personally counsels the students regarding the problems and gives constructive suggestions.

CRITERION – III - RESEARCH, CONSULTANCY AND EXTENSION

The College believes that quality education can be imparted only through well and highly trained staff members. Successful teaching programmes invariably require a sound research footing in various departments. The institution has constituted a research & Development committee to facilitate Research activities. The institution has established a centralized Research and development cell where all the equipment, books/ journals procured under research projects are made available for the utilization of staff, researchers and students.

The management encourages the faculty members to participate and present their research findings in National/International Seminars/ Conferences by providing special leave. In addition to this management provides financial assistance (seed money) to promote research culture among the staff.

One Major and Nine Minor Research projects funded by UGC have been completed during the last four years. At present two minor research projects are in progress. A major Research project proposal has been submitted to UGC and it is under process. A faculty member of the department of Botany completed a research project funded by Vision Group of Science & Technology (VGST) Bangaluru.

For the popularization and promotion of Basic science subjects in meritorious younger generation the college has submitted a proposal to DST Government of India to organize “INSPIRE Internship Science Camp”.

To promote research activities among the faculties management provides a seed money worth of rupees 10 lakh. A total of 35 Research proposals are submitted to the management, out of which 23 research projects have been sanctioned and are in progress. The seed money will be released once the Project is completed.

Consultancy services are provided to the local community by our faculty members with a nominal fee and the same is utilized for the developmental activities of the departments.

Under the banner “Rock Scientific Temper” lectures, demonstrations and hands on experiments are being organized at adopted village to the students of High School for better learning and understanding.

Sri S.V. Masimade, Dr. S. K. Satnoor & Dr. S. B. Gama and Dr. C. S. Patil and Sri Anilkumar Andure have acted as resource persons in many academic & nonacademic programmes. Sri V.G. Ganure the faculty members acted as a Master Trainer in general election process. Sri Vaijinath Chanpure has worked as master trainer in “**population Census**”.

The extension activities taken by the College appear to be tied up with NCC, NSS and Scouts & Guides. Awareness programmes on Aids, Health and Hygiene, Environment, and community services have been carried out throughout the year. However, the outreach programmes sponsored by NGOs and GOs are also carried out by our concerned unit officers successfully.

- Most of the faculty members are encouraged to publish their research findings in reputed National/International journals. About 311 research papers have been published at various levels and 23 books have been published/edited by our faculty members.
- Two of our faculties Dr. C. S. Patil and Dr. S. B. Gama. Have been recognized as research guides.
- The most of the science departments and department of commerce undertakes consultancy services.

I. STRENGTHS

S1	The college has completed 56 eventful years of existence. All-through these years the college has held its reputation by excelling in academic, co-curricular and extracurricular activities. Realizing the dream of its founder, the college has provided an opportunity for all irrespective of caste creed or religion to enter the portals of the institution and shape their life and future in its classrooms. It has been intellectual heaven for the students of backward communities and minorities. We continue to endeavor our earnest guidance to all those who knock at our doors.
S2	Our institution is a torch bearer in introducing various new subjects like Electronics, Rural development, Computer Science, Post graduate courses in Computer Science and BCA.
S3	The college was setup with specific goal of catering to the needs of higher education in this backward area. So the objective of socio-economic upliftment of the people surrounding area could be achieved. Keeping in view the inability of the majority of the students to afford high level fee, the college has maintained its fee structure at a level which is far lower than what is existing in other private colleges. Majority of our students belongs to SC/ST and other backward minorities. We do not believe in turning back students who knock at our doors for admission disappointed as long as they are eligible for as per university regulation.
S4	Well experienced, Dedicated and committed teaching and non-teaching staff are working for the development of the college.
S5	We have excellent infrastructural facilities for curricular and extracurricular activities. Successful participation of the college in extra-curricular activities like cultural programmes, sports N.C.C, N.S.S., Scouts and Guides has boosted up the image of the college.
S6	The meritorious students get endowment prizes and scholarships given by the well-wishers and from the college.
S7	The best maintenance of the campus, student discipline, value-based educational activities; dynamic, service-oriented and committed staff and high record of results in examinations has made the institution lovable among the parents for seeking admission to their children.
	Community service by students: The students of the College, through NSS, NCC and Scouts & Guide Units, are involved in many community services.

II. WEAKNESSES

W1	Most of the students are from rural areas where the educational standard is very low.
W2	Catchment area of the college constitutes a sizable chunk of economically low income group which acts as an impediment/key hurdle in registering their names for enrolment in college.
W3	Majority of the rural students are first generation learners.
W3	Language proficiency is not taken care properly at high school level which hinders their progress. This also hampers their comprehension
W4	Most of the teaching departments are without permanent staff members. Such departments are handled by teachers working on Part-time/contract basis.

W5	Still traditional educational system is being followed; there is a miss match between the curricular design and the market demand and need (by industries).
W6	No freedom to design curriculum
W7	We need a Separate Centralized Digital Library Building and Auditorium-cum-Indoor Stadium.

III. OPPORTUNITIES

O1	Our college is having 52.4 acres of land which is optimally utilized.
O2	Scope for obtaining funds from UGC and other funding agencies to Modernize the infrastructural facility.
O3	Our sports infrastructure can also be improved by laying permanent track for athletics and other infrastructure for games and sports. In this direction an Indoor stadium is also the need of hour.
O4	Modernization of classrooms, Laboratories and library can also be taken on priority basis.
O5	Scope for Introduction of new post graduate courses.
O6	The Government has identified Bidar as world historical heritage Centre. We have an opportunity to augment Under Graduate and Post graduate courses in Tourism and travel management.
O7	An opportunity to offer many parallel online & off-line certificate courses in emerging fields.

IV. CHALLENGES

C1	Mushroom growth of educational institutions.
C2	Most of the brilliant students are attracted towards technical and Medical education. So the availability of students for higher studies especially in Science is less.
C3	Many teachers are getting retired but there is no new recruitment hence the Student and teachers ratio is decreasing. Moreover insufficient teaching staff along with trained and skilled supporting staff also poses threat to the institutions to excel.
C4	The busy schedule of teaching, learning and evaluation imparts time constraints on teachers to carry out research work.
C5	Lack of guidance to school students: There is lack of a proper guidance for school students on aptitude based choice of courses in higher education.

CRITERION WISE ANALYTICAL REPORT

1. CRITERION - CURRICULAR ASPECTS

1.1. Curriculum Planning and Implementation:

- 1.1.1. *State the vision, mission and objectives of the institution, and describe how these are communicated to the students, teachers, staff and other stakeholders.*

VISION:

- Effective teaching and to provide conducive atmosphere for learning.
- To make students competent in all the field of life.
- To impart value based education to all.
- To develop scientific temperament and build national character.
- To achieve National goals through education.

MISSION:

- Through the education make student youth more responsible citizen.
- Empowering young men and women to meet the challenges of modern times.
- Contributing to preserve our rich cultural heritage and service to the nation through the education.
- To make the institution center for research and development by using latest technology.
- Quest for excellence in different fields.

OBJECTIVES:

- To inculcate ethical, moral, social and spiritual values in all aspects of life.
- To bring the harmonious blending of academic excellence leading career development on the one hand and personality development of youth on the other hand.
- To cater to the needs of the educationally backward region of Hyderabad Karnataka area.
- To equip the students for enlightenment, this is a source of infinite power.

The institution's vision and mission and objectives are displayed at the prominent places, on the notice boards and also communicated through the official website of the college and the college prospectus to glance at it often.

The spirit of vision is made to understand among all the staff and students, parents and all the stakeholders of our college as they are initiated right from their entry into the institution.

- 1.1.2. *How does the institution develop and deploy action plans for effective implementation of the curriculum? Give details of the process and substantiate through specific example(s).*

The college regularly plans and develops action plans for effective implementation of the curriculum which is in line with the institution goals to equip stake holders with knowledge and skills to meet the regional and global challenges with confidence.

- A calendar of events is framed by the college and is hosted on the college website.
- Teachers prepare teaching plan every semester to meet the target.
- Teachers maintain the work done register which is reviewed by the respective Heads of the department and the Principal regularly.
- The delivery of the curriculum is done effectively through lectures supported by PPT and using the ICT technology
- Seminars, Special Lectures, Assignments, Project work, Study Tour and Interactive Sessions also used for effective implementation of the curriculum.
- Regular feedback is obtained from the students by the IQAC and is monitored by incorporating remedial measures.

1.1.3. *What type of support (procedural and practical) do the teachers receive (from the University and/or institution) for effectively translating the curriculum and improving teaching practices?*

As the college is affiliated to the Gulbarga University, Kalaburgi, it follows the curriculum designed by the University. The college operates UG and PG programmes keeping in mind our goals and objectives. That makes every student employable through quality education and develops right skills and empowers the students through holistic education.

- The University frames an academic calendar of events which is implemented by the college.
- In the beginning of the academic year various Committees are constituted for the smooth conduct of the academic and extracurricular and co-curricular activities.
- The college deutes the faculty for Faculty Improvement Programme and Quality Improvement Programmes conducted by the University, other institutions and agencies.
- The faculty members are encouraged to participate and present research papers in National/International Seminars, Symposia, Conferences and Workshops etc., to enrich their subject knowledge.
- To enrich the Library, Text Books, Reference Books and Journals are added every year.
- The library provides e-learning facilities for both staff and students.
- Student's feedback on teacher performance is taken to make teaching-learning objectives more effective.

1.1.4. *Specify the initiatives taken up or contribution made by the institution for effective curriculum delivery and transaction on the Curriculum provided by the affiliating University or other statutory agency.*

The effective delivery of the curriculum and transaction on the curriculum provided by the University is ensured by the college through facilitating and

developing higher order skills such as Critical Analysis, Evaluation and Problem Solving Techniques by:

- Preparing academic calendar of events.

- The NCC, NSS, Scouts & Guides units conducts Extension Activities. The Cultural Committee in coordination with Department of Music organizes various cultural programmes catering to the needs of the students. Such activities will help to gain the knowledge.

- The study tours are being organized by various departments to enrich curricula and for experimental knowledge.
- The activities like Debate, Pick and Speak, Essay Competition, Quiz, Painting, Rangoli, are being conducted regularly which imparts confidence and creative skills in the students.
- Special lectures were arranged by eminent professors from other Institution/University.
- Class rooms and Labs are equipped with LCD projector for effective teaching.
- The research knowledge gained by the faculty is transferred to the students through teaching.

1.2.2. *What are the efforts made by the institution to enrich and organize the curriculum to enhance the experiences of the students so as to cope with the needs of the dynamic employment market?*

The BOS and BOE members from our institution participating in the various academic meeting at the University level and in the workshops related to designing/restructuring to enrich the curriculum. In which needful measures are being taken to reflect the difficulties faced by the students.

In order to cater to the needs of the dynamic employment market the following skill development programmes are in practice.

- Add on courses were introduced in “computer Hardware & Networking”
- Organizing seminars, project works, counseling on curriculum and employability options for students.
- The soft skill training (communication skills, basic computer skills, spoken English, mock interviews and other job skills) ensures overall personality development and prepare the students for exposure to career opportunities.

1.2.3. *Enumerate the efforts made by the institution to integrate the cross cutting issues such as Gender, Climate Change, Environmental Education, Human Rights, ICT etc., into the curriculum?*

The Institution is putting all the efforts to bring awareness among the students/stake holders to integrate the cross cutting issues such as

Gender Sensitization:

International Women’s Day is celebrated in the college every year. Special lectures are organized on sensitization and gender issues, such as, female feticide, child marriage, anti-dowry, etc.

- A two days National Seminar on “Climate Change and its Effects” was organized on February 13-14, 2015 with the financial assistance of UGC.

- Extension lectures on Global Warming, Ozone Layer Depletion and Carbon Emission are organized to spread the message across the society.

Environmental Education:

The affiliated university has introduced “Environmental Studies” as compulsory subject in its regular curriculum in one of the semester for all the UG courses. Apart from this, awareness programmes on environmental issues are organized. Eco Club has been formed to sensitize the students in these issues. (The college celebrates World Environment Day, Earth Day, Ozone Day and other important days to drive home the significance of environment). Further the college makes all the attempts to maintain a green campus. Moreover, the institution adheres strictly to the policy of ‘plastic free’ and ‘ecofriendly’ campus.

Human Rights:

All the UG students will study Indian Constitution as one of compulsory subject to know their fundamental rights.

Apart from the regular studies in the syllabus the “Grievance Redressal Cell” in the college actively organizes special lectures on Human Rights, Women Rights, and Consumer Rights. The cell is actively conducting such programmes regularly.

ICT:

The efforts are being made by the Institution to integrate ICT into the teaching learning process. There is a remarkable assimilation of technology in all aspects like Teaching Learning, Administration, and Library etc. The institution established ICT based class rooms and most of the teachers utilizing ICT facility.

The University has included assignment, seminars and projects as a part of the curriculum and this has led to an increased use of technology by staff and students. Biometric attendance and CCTV cameras were installed for good governance.

To ensure quality in education the library has INFLIBNET and internet facility through which 6000 + e-journals and 97000 e-books can be accessed. Students have easy access to internet on the college Campus. All science Departments have internet facility. A well-equipped Audio-Visual Hall & Audio Visual Room is established to conduct various academic and nonacademic activities. The campus is enabled with Wi-Fi facility.

1.2.4. *What are the various value-added courses/enrichment programmes offered to ensure holistic development of students?*

The Institution conducts following various value-added/enrichment programmes to ensure holistic development of students.

Moral and Ethical Values:

Students are motivated to inculcate moral values and ethics in their life and are the regular features of this College.

- Personality development programmes are arranged by the Institution to enhance the overall development of students in respect of moral and ethical values, by inviting resource persons having in-depth knowledge in the respective field.
- Mentoring of the students is in practice.
- Yoga and meditation programmes are arranged by NSS in regular classes and in the special camp.

- Community service

Employable and Life Skills:

The Institution takes all measures to enhance the employability skills of students through Placement & Career Guidance Cell by conducting following value added courses /enrichment programmes to ensure the overall development of students. The programmes /courses organized by the institution are

1. Counseling by experts.
2. Career Oriented Programmes.
3. Visit to Industries.
4. Workshop on personality development
5. Human right awareness programme

Better Career Options:

- The Institution has Career Guidance Cell which conducts various programmes for the students to enhance communication skill and life skills to compete in the global market.
- The courses offered by the Colleges ensure development of practical skills based on the theoretical knowledge. Problem solving exercises, Industrial visits/field visit, hands on experience on projects work ensure better career options.
- A Global Academy, Bengaluru [Kalburagi branch] will lead outgoing students for better career opportunity.

Community Orientation:

- Community orientation programmes were organized by NSS, NCC, Scouts & Guides and Student Welfare Wings.
- Special lectures are arranged in the fields of Health Care, Agriculture, Sanitation, Rain Water Harvesting, and Hazards of Biocides for rural people.
- The NSS unit adopted a village Godampalli and various community welfare activities were conducted during Special Camps.

1.2.5. *Citing a few examples enumerate on the extent of use of the feedback from stakeholders in enriching the curriculum?*

Bringing stakeholders' feedback into curriculum development, which is a process in which we have only a partial participation as the curriculum is ultimately designed and developed by the University to which this institution is affiliated. However, some of the faculty members actively participate in the procedures of the curriculum training bodies and are making significant contributions. The faculty also takes into account the views and interests of the various stakeholders connected with the education namely, students and their parents, faculty and administrative staff, the society, the alumnae and the employers segments. Feedbacks from the students are helpful in rectifying the shortcomings of the curriculum. Teacher-student mentoring programmes are conducted as part of direct feedback assumption. Exposure of faculty to new and interdisciplinary programmes like Seminars, Workshops, and Refresher / Orientation courses enable them to enrich with new trends in higher education. Feedback from alumnae, IQAC, PTA and Management suggestions are also given due importance in a timely manner. All the self-financing courses provided in the college are as per the demand of the stakeholders.

1.2.6. *How does the institution monitor and evaluate the quality of its enrichment programmes?*

The various administrative Committees are constituted in the college. The convener and members of the Committee monitor various enrichment programmes for overall development of the students. After conducting each and every enrichment programme the Committee evaluates the effectiveness of such programme.

The programme offered by the College, extra & co-curricular activities support the students to enrich their knowledge.

1.3. Feedback System

1.3.1. *What are the contributions of the institution in the design and development of the curriculum prepared by the University?*

As an affiliated college the Institution has to abide and adopt the curriculum designed by the University. However, some of the teachers of our college are the members of Board of Studies and will take active part in BOS meetings while framing, modifying and improving the curriculum of the UG courses. Apart from this a 'Workshop on Framing of Curriculum' is conducted and the feedback is collected before implementing it.

1.3.2. *Is there a formal mechanism to obtain feedback from students and stakeholders on Curriculum? If 'yes', how is it communicated to the University and made use internally for curriculum enrichment and introducing changes/new programmes?*

Yes. There is a formal mechanism to obtain feedback from students on curriculum. It is communicated to the University during the curriculum framing ‘Workshop’ and through the members of Board of Studies which meets annually.

1.3.3. *How many new programmes/courses were introduced by the institution during the last four years? What was the rationale for introducing new courses/programmes?).*

UGC sponsored add-on Certificate Course in Computer hardware and Networking under COP is introduced during the academic year 2012-13.

The Institution has been recognized as NPTEL local chapter by IIT Madras and Spoken Tutorial Program classes by IIT Mumbai. They conduct online certificate course and at the end conduct online exam.

1.3.4. *Any other relevant information regarding curricular aspects which the college would like to include*

The Institution is very keen to introduce P.G courses in Science and Language in due course of time. Also desires to introduce offline and online certificate courses.

Best Practices:

- Display of Institutions Vision and Mission’s objectives
- Teaching Plan
- Video Lecture through ICT, NPTEL/Spoken Tutorials.
- Students Seminar, Group discussion, Projects
- Feedback mechanism.
- Periodical evaluation of curriculum.
- Introduction of Offline and Online certificate courses.
- Participation in outreach Social Activities.
- Study Tour, Field Visit, Industrial Visit and visit to R&D Center.

2. CRITERION - TEACHING-LEARNING AND EVALUATION

2.1. Student Enrollment and Profile

2.1.1. *How does the college ensure publicity and transparency in the admission process?*

Since our institution is established in the year 1960, in its 56 years of journey the institution has its own kind of publicity in this backward region

However, due to the present scenario the institution makes sincere effort to give wider publicity to the admission process through pamphlets, banners, prospectus, and through college website.

- To bring transparency in the admission process the college notifies the fee structure, No. of seats available etc.
- The Institution brings out the prospectus every year which is quite useful and it includes all the updated information such as,
 - Institutional Vision and Mission
 - Courses offered
 - Combinations of subjects
 - Infrastructural and Departmental facilities available
 - Best practices followed
 - Salient features of the college
 - Various activities of the students, through NCC, NSS and Scouts & Guides

2.1.2. *Explain in detail the criteria adopted and process of admission (Ex. (i) merit (ii) common admission test conducted by state agencies and national agencies (iii) combination of merit and entrance test or merit, entrance test and interview (iv) any other) to various programmes of the Institution.*

The admission to various UG courses is in accordance with the Government of Karnataka and affiliated University norms and regulations. The institution follows the rules of reservation as per the Government of Karnataka.

Procedure of admission: The procedure of admission is transparent. The admission formalities are done in three steps by members of the admission committee.

1. The admission committee verifies eligibility and issue admission forms along with the college prospectus to the aspirants.
2. The students are well informed about the courses, combination of subjects, faculties and all other facilities available in the college.
3. The students are counseled regarding the fee structure, combination of subjects, suitable by judging his/her aptitude through oral discussion. There is no bureaucratic control over the admission process. Once the student

decides to join the course, admissions are given on first come first serve basis.

However, for PG courses the admissions are made purely on the basis of merit and common entrance test conducted by the affiliated university, for the university quota. However, for the management quota applications are invited for admissions are short listed based on merit.

- 2.1.3. *Give the minimum and maximum percentage of marks for admission at entry level for each of the programmes offered by the college and provide a comparison with other colleges of the affiliating university within the city/district.*

The following table furnishes the minimum and maximum percentage of marks at the entry level for each of the programme who joined this college during 2016-17.

- 2.1.4. *Is there a mechanism in the institution to review the admission process and student profiles annually? If 'yes' what is the outcome of such an effort and how has it contributed to the improvement of the processes*

Yes, the admission committee and examination committee of the Institution reviews the admission process and student profile every year.

Review analysis in the admission process helps in analyzing the importance and demand of a particular subject, combination, and course. On the basis of demand for a particular combination, the intake is increased with the permission of the University, taking into consideration the capacity of the Classroom, laboratory and equipment. After the examinations student's performance is reviewed and care is taken for slow learners. This will help for the academic improvement of particular students.

2.1.5. *Reflecting on the strategies adopted to increase/improve access for following categories of students, enumerate on how the admission policy of the institution and its student profiles demonstrate/reflect the National commitment to diversity and inclusion*

- * SC/ST
- * OBC
- * Women
- * Differently abled
- * Economically weaker sections
- * Minority community
- * Any other

The college follows the rules and regulations of the state government and affiliating University while admitting the SC, ST, OBC Women, economically weaker section and minority community students so as to reflect the State and National commitment with regards to the admission of students to different programmes.

The following table furnishes the above information for the present year. This reflects the commitment of the college to improve and justify all sections of the society in accordance with National commitments to diversity and inclusion.

The reason for the decrease in MSc and BCA strength:

1. The fee structure for Self-Financing Courses was not affordable by the students.
2. Introduction of these courses in nearby Govt. colleges /new colleges.
3. Students prefer computer Science subjects in Engineering stream.

Actions initiated for improvement:

- 1) Placement through campus selection
- 2) A Special lecture series
- 3) Remedial Classes
- 4) Mentor wards system
- 5) ICT
- 6) Moderate fee structure for self-financed programmes compared to other colleges in the locality.

2.2. Catering to Student Diversity

2.2.1. How does the institution cater to the needs of differently-abled students and ensure adherence to government policies in this regard

The Institution provide due importance & support to differently abled students. Whenever such students are there, maximum support and help is provided by the college in every aspect. The college strictly adheres to Government policies in this regard.

2.2.2. Does the institution assess the students' needs in terms of knowledge and skills before the commencement of the programme? If 'yes', give details on the process.

- The admission committee of the institution, before admitting the students to different programmes / courses assesses the skills, IQ, language and interest of the students through personal counseling. Based upon the findings of (personal counseling) assessment, students are admitted to different courses to ensure the smooth sailing of the student in the course/subject chosen by them.
- In the beginning of each programme, the respective faculty tests the knowledge and skills to understand the background of the students in the class. Based on this, weak students are identified and are trained accordingly. Special attention is extended to needy students. Extracurricular capabilities of the students are also observed and exposure in the areas of their interest is ensured.

2.2.3. What are the strategies adopted by the institution to bridge the knowledge gap of the enrolled students (Bridge/Remedial/Add-on/Enrichment Courses, etc.) to enable them to cope with the programme of their choice?

The college adopts the following strategies to bridge the knowledge gap of the enrolled students.

- Since most of the students come from varied background with different academic standards, the appropriate bridge courses are conducted in the beginning of each academic year for enabling them to cope up with the challenges they face in learning at the initial stage.
- Remedial coaching classes are being conducted for slow learners at the end of each academic year, after identifying them through home exams.
- The institution offers a career oriented add on course in “Computer Hardware and Networking” for getting job oriented technical skill.
- The performance of the students in the test reveals their level of understanding of the subject. Faculty adopts different approaches to lift their morale and boost their confidence.

2.2.4. *How does the college sensitize its staff and students on issues such as gender, inclusion, environment etc.?*

Under the banner of Women Empowerment & Women’s protection Cell, the student’s grievance cell, NSS, NCC, the institution organizes various awareness programmes related to gender issues, protection, and sustainability of environment to sensitize the staff and students so as to ensure gender justice and environment protection

2.2.5. *How does the institution identify and respond to special educational/ learning needs of advanced learners?*

The institution identifies the slow and advanced learners according to their performance in the qualifying intermediate examination, home exams and also by conducting various competitions such as debate, elocution quiz & essay writing etc.

- Special remedial coaching classes are being organized for slow learners and practice assignments are given for betterment in academic performances.
- Advanced learners are provided with opportunities to participate in class room seminars, and to prepare project in their field of interest.
 - Reference books and study materials are provided to the advanced learners and are encouraged to write competitive examination.
 - Advanced learners are motivated to participate in Seminars/ workshops/ Conferences etc. and made to interact with resource persons.
 - Organizes special lectures and invited talks by eminent personalities.
 - Awards and cash prize have been instituted by the college and faculty members for encouraging and motivating such students to excel in curricular and co-curricular activities.

2.2.6. *How does the institute collect, analyze and use the data and information on the academic performance (through the programme duration) of the students at risk of drop out (students from the disadvantaged sections of society, physically challenged, slow learners, economically weaker sections etc. who may discontinue their studies if some sort of support is not provided)?*

- The institute collects the data and information on the academic performance of students based on internal assessment results conducted in each semester. Their performance is also analyzed through the assignments and day today class attendance and involvement. Progression is monitored on the basis of the performance of semester examinations. Special attention is given for slow learners.
- The mentor's in charge continuously observe the academic performance of their mentees.
- To reduce the dropout rate, students are counseled by mentors, concerned subject teachers and Principal even with their parents.
- Bilingual Teaching method is adopted to reduce the dropout rate. However the dropout rate is negligible.
- Economically weaker section students are given scholarships as per the rule.
- Separate book facility in the library is provided for students of disadvantaged section. Students are allowed to borrow one book for one semester apart from their normal borrowings of the books. The student also gets additional books from their respective departments.

2.3. Teaching-Learning Process

2.3.1. *How does the college plan and organize the teaching, learning and evaluation schedules? (Academic calendar, teaching plan, evaluation blue print, etc.)*

. Teaching, learning, evaluation schedules are implemented as per the academic calendar circulated by the affiliating university.

A. Teaching:

- The IQAC prepare elaborative calendar of events without affecting the university academic calendar events.
- All head of the departments chalk out their department time-table, and the distribution of syllabus among the members of faculty is done in their respective department meetings.
- Every teacher prepares their month-wise teaching plan for better execution of allotted syllabus and which is approved by HOD & Principal.
- All the teachers maintain their daily work done register.
- The completion of the syllabus, students' progression/response is discussed in the regular department meetings.
- The library and department maintain question bank.
- All the departments have enhanced their teaching skills using ICT methods.
- In Addition to traditional class-room teaching the methodology of teaching involves seminars, special lectures, tutorials, group discussion, experiments in laboratory and interaction with students.
- Lecturers also take extra classes to complete the syllabus if necessary.
- Special Lectures are arranged by inviting eminent personalities.
- In order to make the teaching process more effective study tour, field visits, industrial visits are organized and the teaching is done at site.

B. Learning:

- Feedback from the students/review of lessons / clarifications of concepts is a part of learning process adopted in the college.
- Learning method is also enhanced by providing the internet facility to the staff & students
- During the practical class students will learn through hands on experiment.
- Project work assigned to the students makes them to learn practical problems.
- The process of learning is enhanced through encouraging the students to write projects, seminars and assignments by referring many books and articles.
- Learning process is enhanced through field trips and educational tours.
- Special lecture programmes from eminent resource persons are conducted by all the departments which enable students to interact and exchange their views with experts.
- Learning is more effective by ICT's.
- Well established library having 57605 text books, 2512 reference books and 18 reputed journals. In addition to this more than 138500 e –resources (INFLIBNET). Ten computers with internet facility support the learning process.

C. Evaluation:

- The academic schedule framed by the affiliating University is followed. Examinations are being conducted as per the university calendar event.
- University constitutes BOE and it takes care of setting the question papers and evaluation process. Many teachers from our college are members / chair persons of BOE.
- Tests, assignments and seminars are the evaluation process for awarding I.A. Marks.
- The home exam committee designs the examination schedule which conducts internal assessment and the evaluation process is monitored.
- I.A theory and I.A practical are evaluated by the teachers in the departments and marks obtained by the students are displayed on the notice board and also their papers are distributed in the class. Grievances regarding the evaluation, if any, are taken care of.

2.3.2. *How does IQAC contribute to improve the teaching –learning process?*

The IQAC Monitors the teaching–learning and evaluation process as per the academic calendar of events and ensures the implementation and evaluation of all the activities of the college. The institution improves the teaching and learning process following IQAC suggestions and Guidelines. It also suggests programmes to cater to the student support and community extension activities. The IQAC also conducts teacher quality enhancement workshops and seminars for staff and students. It also provides information regarding the availability of various research grants for major and minor projects, seminars, conferences, workshops etc., from

external funding agencies. At the end of the academic year, the performance of every department is evaluated and reported.

- Every year many special lectures are organized in the college.
- Teachers are encouraged to attend National / International Seminars, Symposium, Conferences and Workshops to enrich their knowledge.
- Every year some advanced books are procured by library to enrich its resources.
- Remedial classes are conducted for the students in their free time.
- In order to bring out the hidden talents of the students, every year, various interclass competitions in literary, cultural, sports and games events are conducted in the college.
- Educational tours and visits are organized by various departments.
- Many departments are equipped with LCD projectors and are effectively utilized for presentations of lessons. Students are also allowed to use the same to present their seminars and projects. Internet facility has been provided to both teachers and students.

2.3.3. *How is learning made more student-centric? Give details on the support structures and systems available for teachers to develop skills like interactive learning, collaborative learning and independent learning among the students?*

The learning is made more student-centric through different methodologies of knowledge transferred to the students, such as class room teaching, and practical experimentation in laboratories hands on experience, providing Wi-Fi facility for browsing the internet etc.

The understanding of the concept is verified by various methods which include class tests, assignments and discussions and the use of ICT. Apart from this NPTEL video lectures, spoken tutorial classes sponsored by IIT Madras and IIT Mumbai are being organized as a measure of collaborative learning.

- The students are free to clear their doubts and many teachers conduct additional classes for such purposes.
- The teachers assist the students in preparing their notes by referring various reference and text books and supply the text materials and Question papers etc.
- Collaborative learning process is enriched with the neighboring colleges, in which special lectures are arranged from the senior teachers from the neighboring colleges. Moreover, deputing our students to the other neighboring institutes on special occasions.
- The students are encouraged to participate in seminar both in English and Kannada and deliver lectures by which the students gain communication skill.
- In some departments, the final year students are encouraged to present their project through PPTs, so that they are well groomed in presentation skills specially the electronics & Computer Science.
- Some of the Department faculty encourages the students by sponsoring cash prizes for the toppers in their subject.
- English Communication skill of the students is enriched through Digital language lab.

The infrastructure is constantly upgraded to meet the growing academic needs of the students

2.3.4. *How does the institution nurture critical thinking, creativity and scientific temper among the students to transform them into life-long learners and innovators?*

The main objective of the institution is to prepare the students to develop their creativity and scientific temper and enable them to think critically to be the life-long learner and innovator.

- The creativity of the students is nurtured by encouraging them to publish different articles, poems, etc. in English, Kannada, Hindi and Urdu in “JNANA JYOTI” - the annual college magazine. The magazine enables and promises our young writers to taste the excitement of having created something out of their imagination.
- Competitions like imaginary story writing, Pick & Speak, spot poetry writing and slogan writing enhance the creativity of the students.
- “The Women Empowerment & Women Protection Cell” organizes various awareness programmes.
- The students are allowed to participate in science exhibition conducted by the various organizations.
- The programs conducted by the institution in association with “KRVP”, and “SwadeshiVijnana” Kendra Bangaluru “Eradicating Superstitions” and Food Adulteration etc. helps the students to develop scientific temper.
- “National Science Day” sponsored by DST Govt. of Karnataka was organized to develop scientific temper among the students.

2.3.5. *What are the technologies and facilities available and used by the faculty for effective teaching? E.g.: Virtual laboratories, e-learning - resources from National Programme on technology Enhanced Learning (NPTEL) and National Mission on Education through Information and Communication Technology (NME-ICT), open educational resources, mobile education, etc.*

In addition to the conventional lecture method, the teachers make use of ICT resources in making teaching learning process more effective.

Virtual Laboratories:

The institution established an English language laboratory with internet facility Audio visual tools coupled with computers and advanced software is used in the Lab to train students in the area of spoken English and communication skills.

The institution has an audio visual Seminar Hall. This facilitates the use of ICT technology for video conferencing with Vice chancellor and resources persons of National Institutes.

e- Resources:

- The institution has recognized as NPTEL local chapter.

- The process involves opinion / feedback about the teaching quality / knowledge about the subjects, usefulness of the study materials given by the teachers / punctuality / commitment / competence etc.
- The outcome of the evaluation is discussed by the Principal with individual teacher. It will help to improve overall quality of the teachers.
- The evaluation of teachers’ by external peer is done officially during the promotion as per the procedure.

2.5. Evaluation Process and Reforms:

2.5.1. *How does the institution ensure that the stakeholders of the institution especially students and faculty are aware of the evaluation processes?*

The institution ensures the evaluation process of the stake holders especially students and faculties by conducting the internal assessment test conducted by the college and external examinations.

The schedule of the Internal as well as external examinations is notified well in advance through circulation in the class room, displaying on the college notice board and also hosted on the college website.

The mechanism of the semester system is explained to the students. The marks scored in the IA are informed to the students through the respective teachers and the same is displayed on the notice board. Moreover, answer scripts are handed over to them for self-appraisal.

The model question paper & pattern of the semester examination conducted by the university is made known to the students by the respective subject teachers.

In our college almost all the teachers are involved in the evaluation process of the university. Hence, they are aware of the scheme of evaluation of the university and are able to communicate the details clearly to the students. New teachers are made aware of the evaluation process by the senior faculty.

2.5.2. *What are the major evaluation reforms of the university that the institution has adopted and what are the reforms initiated by the institution on its own?*

Being an affiliated college, the college strictly adheres to the evaluation reforms of the university.

- The IA fetches 20 marks and 80 marks theory exam conducted by the university. Practical exams are conducted separately with 10 marks for IA and 40 marks for external semester examinations conducted by the university.
- The institution conducts two internal assessment tests according to the calendar of events framed by the examination committee of the institution. Average of the two tests is being considered for award of IA marks.

Since many of our faculties are the members of BOE, share their views for reformation of evaluation process at the university meetings.

Dr. S.K. Satnoor worked as a member of Exam. Reformation Committee at the University level during 2013-15.

- To cope up with the recent trends in education, the college has all the infrastructure facilities required to fulfill the primary and advanced educational needs of the learners.

2.6.4. *What are the measures/initiatives taken up by the institution to enhance the social and economic relevance (student placements, entrepreneurship, innovation and research aptitude developed among students etc.) of the courses offered?*

Education is the basic element to enhance the social and economic relevance of a person. Along with imparting knowledge the college also creates opportunities to orient the students to attain placements.

The following are the initiatives taken up by the Institution for achieving the same.

- The college organizes competitions and provides a platform to the students to express and exhibit their unique, innovative and creative talents.
- The college magazine “**Jnana Jyoti**” provides them an opportunity to express their views, creative thoughts and artistic and aesthetic feelings.
- Some of the departments organize the industrial visits and interactive talks with entrepreneurs and industrialists.
- The college organizes field visit to research laboratories, special lectures by renowned scientists in order to instill research aptitude among students.
- The NSS units of the college regularly organize special camps and activities of social relevance.
- **Research and Development Cell:** The research unit is established in the college. A research oriented faculties are nominated as its coordinator & members of this committee. The research contributions made by faculty members will motivate the senior students to take-up research activities with the help of this unit.

A proposal has been submitted to hold “INSPIRE Science Camp” to DST New Delhi

- **Placement Cell:**
The Career Guidance and placement cell of the college organizes personality development, skill development, special lectures, training programmes and campus interviews.
- Job Fair was conducted in the college campus in 2015. During the event more than 65 registered companies were participated to select suitable candidates to their company.
- Fiber optics cable training programme was conducted for 2 weeks by Keonics

2.6.5. *How does the institution collect and analyse data on student performance and learning outcomes and use it for planning and overcoming barriers of learning?*

The institution collects the academic data on the student’s performance and learning outcomes by the respective subject teacher, which is maintained in the concerned department.

- Each department identifies the advanced learners and slow learners based on their performance in IA, semester examinations, class room and laboratory performance accordingly prepares strategies to improve learning outcomes of both the categories.

- To overcome their learning barriers the college conducts remedial classes, special classes and personal counseling by Teachers and mentors regularly. In addition to this study material is also supplied to them.
- 2.6.6. *How does the institution monitor and ensure the achievement of learning outcomes?*
- The institution monitors the achievement of learning outcomes based on the examination results. Further,
- Principal conducts a staff meeting at the beginning of each academic year with a main agenda is to discuss and place suggestions to improve the teaching and learning strategies and prepares the academic calendar.
 - The staff council decides a synchronized schedule for the continuous evaluation process and all other co-curricular activities of the students.
 - The department Heads set the goals and objectives and plan the strategies to ensure its achievement. Follow up of this will be done by the Principal in the staff meetings.
 - The learning outcomes are also ensured by the Training in communication skills, computing skills and personality development skills.
 - Besides this the IQAC, PTA and management actively monitor and ensure the achievement of learning outcomes of the students.
- 2.6.7. *Does the institution and individual teachers use assessment/ evaluation outcomes as an indicator for evaluating student performance, achievement of learning objectives and planning? If 'yes' provide details on the process and cite a few examples.*

Yes. The institution uses the evaluation outcome as an indicator on the student's performance.

- The Assessment marks of the internal and external examination results are used as main parameters to evaluate the student's performance. In order to improve the results slow learners are given extra coaching by conducting remedial classes on Sundays or other holidays or even in free hours.
- The meritorious students are honored with cash prize and their photos have been exhibited in prospectus.
- The excellence of students in non-academic fields like participation in the activities of NSS, NCC, sports, cultural, social service and other activities throughout the course are taken as indicators for assessing the achievements of overall learning outcomes.

Best Practices in Teaching – Learning Process

The following are the innovative methods of teaching learning evaluation practiced by the institution:

- Ward system
- Remedial coaching classes
- NPTEL & Spoken Tutorial Programme video lectures
- Online and Offline Certificate courses

- Use of ICT for PPT presentation
- Industrial visits, excursions and study tours
- Guest lectures
- Attending refresher courses, seminars, conferences and workshops.
- Class room Seminar by students
- Bilingual Teaching method
- Redressal of grievances
- Platform to excel inherent talent

3. CRITERION – RESEARCH, CONSULTANCY AND EXTENSION

3.1. Promotion of Research:

The College is committed to promote research and has a Research Committee to promote research activities. The committee comprises of faculty members headed by the Principal. The committee works at encouraging teachers to take up research activities, present papers in conferences and publish papers in journals. The committee is involved in monitoring the publishing of in house journals in various subject areas.

3.1.1. *Does the institution have recognized research center/s of the affiliating University or any other agency/organization?*

No. The institution does not have recognized Research Centre. However, the institute has established a research unit on its own by providing the necessary facilities to carry out all the research activities. All the equipment books, and journal procured under Minor and Major research projects, are available in the research unit.

3.1.2. *Does the Institution have a research committee to monitor and address the issues of research? If so, what is its composition? Mention a few recommendations made by the committee for implementation and their impact.*

Yes. The Institution has a research committee to monitor and address the issues of research. The committee comprises of following members.

1. Dr. S. K. Satnoor	Chairman
2. Dr. P. Vithal Reddy	Coordinator
3. Dr. Deepa Raga	Member
4. Dr. H. B. Sedamkar	Member
5. Dr. Shivraj Gaunalli	Member
6. Dr. Shashidhar V Patil	Member
7. Dr. Kaveri	Member
8. All HOD's	Member

This committee facilitates, motivates and guides for the project proposals to be submitted to UGC, DST and other funding agencies. Committee also has the responsibility of promoting various research activities in the college. It provides information to teachers and students regarding the availability of fellowships and funding agencies.

Activities:

- To encourage and promote research activity among staff and students.
- Motivating teachers to undertake minor and major research projects through various funding agencies.
- Encourage the Faculties to publish their research findings in reputed journals.
- Encourage teachers to participate and organize seminars, symposia, conferences and workshops and to present their research articles.
- Establish and mobilize research promotion grants.

Few recommendations made by the committee for implementation and their impact:

The committee reviews the research performance of the faculty twice a year. The committee strengthens research activities in the institution with various strategic initiatives and decisions. The following are the decisions taken during the last review meeting.

- The faculty who does not possess research degrees should enroll for Ph.D. /M.Phil. programmes
- The faculty should apply for Minor and Major Research project through various funding agencies.
- To organize more number of Seminar/Workshops and training programmes

Impact:

Many faculty members are actively engaged in research and publishing their research articles in national and international journals.

- Nine of the faculty members have completed Ph.D. degree on part time basis during the last four years.
- Three faculty members are perusing their Ph.D. on part time basis.
- Some faculty members are acting as research guides recognized by other Universities i.e., Vishweshwarayya Technological University, Belgaum, Kuppam University, Kuppam and guiding several scholars for M.Phil. and Ph.D. degrees.
- The Dept. of History, Dept. of Botany & Dept. of Zoology has organized National Seminars during 30th-31st January, 2015 and 13th -14th February, 2015 sponsored by UGC.
- Nine of the faculty members have completed UGC sponsored minor research project and one Faculty member completed Major Research project during the last five years. Seed money of Rs.4.0 Lakhs has been sanctioned to the Dept. of Botany from Vision Group of Science & Technology (VGST) for research project and it is completed successfully.
- A faculty member Dr. S. K. Satnoor has submitted major research project proposal to UGC in 2014-15 and it is under process.
- 18 Research Projects are in progress sanctioned by Management.
- Many faculty members are actively engaged in research and publishing their research articles in national and international journals.
- Many Faculty members have attended seminars and conferences during the last five years and presented the papers.

3.1.3. *What are the measures taken by the institution to facilitate smooth progress and implementation of research schemes/projects?*

The measures taken by the College with regard to the above points are outlined below:

➤ **Autonomy to the principal investigator.**

The Principal Investigator (PI) is the single point of contact for the research work. The PI has the complete authority to plan and carry out the research work. The PI may approach the Research Committee for any required resources for the execution of their research work.

➤ **Timely availability or release of resources.**

The resources are made available to the Principal Investigator as and when required.

➤ **Adequate infrastructure and human resources.**

The College has adequate infrastructure to carry out research work. The College has a good, well stacked Reference Library. It is kept open from 8.00 am to 6.00 pm throughout the week. Uninterrupted power supply, Wi-Fi facility and Digital library are made available.

➤ **Time-off, reduced teaching load, special leave etc. to teachers.**

The faculty members working on research projects are considerably relieved from their teaching assignments. They are permitted to take off and grant special leave if they are in need to extend their research period or carry out field work etc.

➤ **Support in terms of technology and information needs.**

The required technical support, chemicals, software's and computer needs are provided by the management of the college. The College subscribes various research journals to support research activities. The entire College campus is Wi-Fi enabled and has ICT enabled classrooms, circulation library with INFLIBNET database for e-recourses, reference library and a Departmental library.

➤ **Facilitate timely auditing and submission of utilization certificate to the funding authorities**

Utilization of grants are timely audited and the certificates are submitted to the funding authorities.

➤ **Any other:**

On completion of MRP all the Equipment, Books and Journals procured under this scheme are made available at one place i.e. in research & development cell for easy access to the researchers.

3.1.4. *What are the efforts made by the institution in developing scientific temper and research culture and aptitude among students?*

The college is in constant pursuit of developing scientific temper and research culture and aptitude among students. Some of the initiatives are as follows:

Developing scientific temper is very essential part of education. Our effort in this direction is by organizing special lectures and demonstration. Some of our faculty acts as resource persons in the field of popularization of science among common people, scientific temper development, superstitions etc.

- Students have free access to books, journals and scientific magazines of research importance in the library. They can also use computer with internet facilities & Wi-Fi network available on the campus.
- Students are encouraged to compile data and write articles which are published in our college magazine '**Jnana Jyoti**'.
- Students are also given an opportunity to discuss with the faculty members involved in research activities.
- Students are encouraged to take up their internship and training by visiting to Sugar factory, Paper Industry, Krishi Vijnyana Kendra, Banking sectors etc.

3.1.5. *Give details of the faculty involvement in active research (Guiding student research, leading Research Projects, engaged in individual/collaborative research activity, etc.*

Some of the Faculty members are actively involved in guiding the students for M. Phil. & Ph. D. 06 students are registered under Koppam University for Ph. D. and 10 for M. Phil under the Guidance of Dr. C. S. Patil. One student is registered for Ph. D. in VTU Belgaum under the Guidance of Dr. S. B. Gama.

Many teachers have successfully completed their research projects. Since 2011, 01 major and 11 minor research projects have been sanctioned by the UGC. Out of which 01 Major, 09 Minor research projects and a research project sanctioned by VGST are successfully completed and submitted. At present 02 minor research projects funded by UGC [UC submitted] and 23 research projects sanctioned by Management are in progress. A proposal has been submitted to UGC for a major research project.

Faculty involvement in leading Research Projects during the last five years:

Major Research Project: Completed and submitted to UGC:

Sl. No	Name of Principal Investigator	Funding Agency	Status
1	Dr. C. S. Patil	UGC	Completed

Minor Research Projects completed/Ongoing:

Sl. No	Name of Principal Investigator	Funding Agency	Status
1	Dr. C. S. Patil.	UGC	Completed
2	Smt. N. T. Gangamma	UGC	Completed
3	Prof. C. V. Bhalke	UGC	Completed
4	Dr. S. K. Satnoor	UGC	Completed
5	Dr. S. B. Gama	UGC	Completed
6	Dr. Mallikarjun C Patil	UGC	Completed
7	Prof. Kumar Swamy H	UGC	Completed
8	Prof. Vijaykumar Ganure	UGC	Ongoing
9	Dr. P. Vithal Reddy	UGC	Ongoing
10	Prof. Srikant Rao Biradar	UGC	Completed
11.	Prof. V.M. Channashetty	UGC	Completed
12	Smt. Sujata J T	VGST	Completed
23 MINOR RESEARCH PROJECTS HAVE BEEN SANCTIONED BY THE MANAGEMENT AND ARE IN PROGRESS.			

- Guest lectures are arranged by inviting resource persons from Research Institutes/Industries to learn and understand the recent trends in the areas of research and the products that have been developed in the industries under a concept from lab to land.

3.1.6. *Give details of workshops/ training programmes/ sensitization programmes conducted/ organized by the institution with focus on capacity building in terms of research and imbining research culture among the staff and students.*

The institution has organized National level Seminars/ workshops so as to focus on capacity building in terms of research culture among the staff and students.

Every department in the College is involved in organizing conferences/ workshops/Guest lectures. This is to create a research culture among the students and faculty members and to motivate them to do more research work. The sensitization programs conducted are to create awareness among the staff and students regarding the arenas of research and to develop a research instinct.

Details of the workshops/ training programs/ sensitization programs conducted/organized by the College:

1. 5th National Women Science Congress, sponsored by DRDO, DST, CSIR New Delhi & ISSRO & Infosys Foundation, Bengaluru, 7-9th Nov. 2012.
2. One Day work shop on implementing 12-point programme on “Streamlining the Administration and Quality Enhancement” conducted in 2013.

3. One Day workshop on “Swadeshi Vignyana Andolana” organized by National Women’s Science Congress in 2014.
4. Two Days National seminar on “Basaveshwar – Torch Bearer of Socio Economic and Religious Revolution of 12th Century. on 30th & 31st January, 2015
5. Two days National Seminar on “Climate Change and its Effects on 13th and 14th February, 2015.

The College has always maintained very good relation with various research organizations. Various Scientists and professors of eminence are invited as speakers for conferences/workshops/orientation programs etc. conducted by the College to address the students and staff.

The Women Protection Cell, Career Guidance Cell and Student Welfare Cell organized various training and workshops on Sensitization Programmes like Gender issues, and use of internet and Cyber- cafe etc.

3.1.7. *Provide details of prioritized research areas and the expertise available with the institution.*

Priority areas of research and the expertise available with the institution are

- **In science** - Graph theory, Microwave electronics, nuclear physics, Solid State Physics, Fluorescence Spectroscopy, synthesis and characterization of heterocyclic molecules, material science, inorganic complexes, Natural products, tissue culture, entomology, endocrinology, parasitology, seed production and crop production technology, floriculture, fabrication and characteristics in antennas, computer technology etc.
- **In Commerce** - Taxation finance, HR marketing, finance marketing.
- **In Social Science** – Modern Indian History, Ancient Indian History, Medieval Indian History, Agricultural economics, Industrial & Labour economics, rural development, Global Economy, Women’s Study, Social Demography, Weaker section, Public administration, International Relation, Political Thinkers etc.

3.1.8. *Enumerate the efforts of the institution in attracting researchers of eminence to visit the campus and interact with teachers and students?*

The College has always maintained very good relation with various research organizations. Various Research Scientists and eminent professors are periodically invited to address the students, and as speakers at conferences/workshops/orientation programs etc. conducted by the College.

The researchers of eminence visited to the campus to interact with the students and staff.

3.1.9. *What percentage of the faculty has utilized Sabbatical Leave for research activities? How has the provision contributed to improve the quality of research and imbibe research culture on the campus?*

The sabbatical leave for research activity has not been availed by the faculty during the post accreditation period. Since, they are pursuing research work on part time basis.

However, the College Management has been supportive to the teachers who have approached to them. The knowledge gained by him and contribution made out of his/her research work that will help to improve the quality and also which will imbibe research culture on the campus.

3.1.10. *Provide details of the initiatives taken up by the institution in creating awareness/ advocating/ transfer of relative findings of research of the institution and elsewhere to students and community (lab to land)*

College promotes publications by faculty in different national and international refereed journals, books, articles in edited volumes and seminar proceedings. Students publish their articles and poems in their interested subjects in college magazine “**Jnana Jyoti**”.

Faculty members are also involved in delivering special lectures/invited lectures in different colleges. A special lecture is arranged for concerned students for creating awareness of research findings.

2012-13: Nine faculty members were invited to deliver lectures and some of them have acted as chair persons in conferences, seminars, symposia and workshops.

2013-14: Five faculty members were invited as speakers and some of them have acted as chair persons in conferences, seminars, symposia and workshops.

2014-15: Nine faculty members were invited as Guest speakers and some of them have acted as Chair persons in Conf./Seminar/Workshop etc.

2015-16: Seven faculty members were invited as Guest speakers and some of them have acted as Chair persons in Conf./Seminar/Workshop etc.

3.2. Resource Mobilization for Research:

3.2.1. *What percentage of the total budget is earmarked for research? Give details of major heads of expenditure, financial allocation and actual utilization.*

As such there is no provision of budget allotment for research. However, the college administration helps individual research projects funded by UGC and others according to the permitted rules of funding agency.

3.2.2. *Is there a provision in the institution to provide seed money to the faculty for research? If so, specify the amount disbursed and the percentage of the faculty that has availed the facility in the last four years?*

Yes. During the academic year 2015-16, the Institution has made provision of budget for research activities. Seed money is provided to the individual to carry out research work. The 36% of the faculty availed this facility.

3.2.3. *What are the financial provisions made available to support student research projects by students?*

There is no provision to provide financial support to the student research projects.

3.2.4. *How does the various departments/units/staff of the institute interact in undertaking inter-disciplinary research? Cite examples of successful endeavors and challenges faced in organizing interdisciplinary research.*

The research and development committee conducts the meetings of the head of the various departments to discuss the research going-on in the respective departments and identifies the needs of interdisciplinary research requirements. On need based, efforts have been made to jointly organize Seminar/Workshop/Conf./Special lectures namely;

1. 5th National Woman's Science Congress for leadership in Science, in coordination with all Science Depts. in 2012.
2. One day Teacher Training Workshop for the Dist. Science Teachers working in schools, in coordination with all Science Dept. 2012.
3. Special Lecture on "World Iodine Day", in coordination with Chemistry and Zoology, in 2012.
4. National Science Day Celebration in coordination with all Science Dept. in 2013
5. Workshop on "Youth Empowerment", in coordination with Dept. of Economics and Sociology in 2013.
6. Special lecture on "Tourism Day Celebration" in coordination with Dept. of History and Pol. Science in 2013.
7. Training Programme on "Awareness on Employment opportunities and Guidance" in coordination with Student Welfare and Career Guidance and Placement Cell, in 2013.
8. National Science Day Celebration in coordination with all Science Dept. in 2014.
9. National level Seminar on "Climate Change" in coordination with Chemistry, Botany and Zoology Dept. in 2015.
10. National level Seminar on "Basaveshwara the Torch Bearer Socio-Economic and Religious Revolution of 12th Century, in coordination with History and Kannada Dept. in 2015.
11. National Science Day Celebration in coordination with all Science Dept. in 2015.

3.2.5. *How does the institution ensure optimal use of various equipment and research facilities of the institution by its staff and students?*

Instruments and equipment purchased by any department are shared among the students and faculty of the other departments also.

Use of computers, photocopy and scanning machines including internet facility procured in personnel or department projects are extended to other students and faculty. College campus is enabled with Wi-Fi facility.

3.2.6. *Has the institution received any special grants or finances from the industry or other beneficiary agency for developing research facility? If 'yes' give details.*

College has not received any special grants or finances from the industry or other agency for developing research facility. However, the institution receives the financial assistance by UGC for developing the research facility through major/minor research projects.

3.2.7. *Enumerate the support provided to the faculty in securing research funds from various funding agencies, industry and other organizations. Provide details of ongoing and completed projects and grants received during the last four years.*

The College is very supportive to the faculty in terms of encouraging them to take up research activities. They are encouraged to write projects, write to funding agencies. There are 12 projects in all taken up during the last four years. The details are mentioned below.

Nature of the Project	Year	Name of the faculty	Title of The project	Name of The funding agency	Grant Sanctioned Rs. in Lakhs	Status
Major RP	2011-14	Dr. CS Patil	Biotechnological Exploration of Phosphate Solubilizing Microbes	UGC	10.50	Completed
Minor RP	2010-12	Dr. CS Patil	Bio-agents for Agricultural crops	UGC	1.37	Completed
Minor RP	2011-13	Dr. Mlikarjun Chick patil	Studies on Transport properties of Modified BaTiO ₃ Ceramics	UGC	0.85	Completed
Minor RP	2011-13	Kumar Swamy Hiremath	Isolation Purification & Biochemical Characterization of A. T. Xy. From Basil Species	UGC	1.20	Completed

Minor RP	2011-14	VM Channshetty	Wet Land Status of Bidar District	UGC	0.35	Completed
Minor RP	2012-14	C. V. Bhalke	Study of Causes employees poor Loyalty to select BPO Center In Karnataka	UGC	1.40	Completed
Minor RP	2012-14	Smt. N. T. Gangamma	Preservation & Documentation of Historical & Cultural Heritage of Bidar	UGC	0.95	Completed
Minor RP	2012-14	Dr. S. K. Satnoor	Effect of Substrate Thickness on Antenna Parameters	UGC	1.25	Completed
Minor RP	2013-15	Dr. S. B. Gama	Preparation & Properties of PTCR Ceramics	UGC	2.00	Completed
Minor RP	2013-15	Sri, Vijaya Kumar Ganure	Synthesis, Characterization, Electrical & Electrical Properties of PbTO ₃	UGC	1.10	UC Submitted
Minor RP	2013-15	Dr. P. Vithal reddy	Synthesis & New drug Design as Anti Agent and Anti-viral Agents	UGC	1.00	UC Submitted
Minor RP	2013-15	SrikantRao Biradar	Ideal Targets for Developing New Organic Synthetic roots	UGC	1.90	Completed
Industry Sponsored	--	----	----	---	---	---
Students' RP						
Any other (specify)	2014-16	Smt Sujata JT	Synthesis of Plant Physiology	VGST-SMYSR	4.00	Completed

❖ **Dr. S. K. Satnoor has submitted a Major research project proposal to UGC in 2014-15 and which is under process. 23 Minor Research Projects have been sanctioned by the Management and are in progress.**

3.3. Research Facilities:

3.3.1. *What are the research facilities available to the students and research scholars within the campus?*

The institution has very well equipped laboratories with latest instruments. Every Department has a Departmental library with ready reference materials for the students and faculty.

Computer with internet facility is provided in all the Science and Commerce departments through which they can access the information.

The research unit has been equipped with books, equipment and journals procured under MRP, and are made available to all the researchers and students.

The central Library equipped with a good number of Books, Magazines, Journals, and Reference Books on all subjects.

The automated library with INFLIBNET facility through this; e-Journals, e-Magazines, e-Books can be accessed. Reading room in library is kept open on all working days from 8AM to 6PM.

The College campus is Wi-Fi enabled. Staff and students can access free internet facility on their laptops, i-pads and mobile devices.

3.3.2. *What are the institutional strategies for planning, upgrading and creating infrastructural facilities to meet the needs of researchers especially in the new and emerging areas of research?*

The research committee has been established in the College. This committee will plan, upgrade the IT resources, and create necessary infrastructure to meet the needs of researchers.

- Wi-Fi facility on the campus.
- Each department has its own well equipped laboratory.
- Teachers will be motivated and advised to apply for major research projects to have good funding that will facilitate emerging areas of research work.
- Publications of research articles in good number and also having citation index for their publication, this will be taken forward with due support from Management, UGC and other funding agencies.

3.3.3. *Has the institution received any special grants or finances from the industry or other beneficiary agency for developing research facilities? If 'yes', what are the instruments/ facilities created during the last four years?*

No, the Institution has not received any special grants or finances from the industry or other beneficiary agency for developing research facilities. However, the research facilities are mainly created by the grants provided by the UGC to undertake major and minor research projects.

The following are some of the Latest instruments procured under Major & Minor Research project during the last four years which are made available in the research unit to carry out the research activities.

Sl. No.	Details of the Instruments	Principal Investigator	Funding agency	Unit Cost Rs
1.	High temp. Furnace for D. C. conductivity measurement setup	Dr. Mallikarun C.P	UGC	50,000/-
2.	D. C. dielectric Measurement set Up	Prof. Vijayakumar. Ganure	UGC	90,000/-
3	High. Temperature Programmable (1400 °C) Furnace Indfurr Chennai Made with its accessories	Dr. S. B. Gama	UGC	1,20,000/-
4	Laptop, and three in one Printer	Dr. S. K. Satnoor	UGC	90,000/-
5	1. Water distillery unit 2. Rotary Shaker 3. Inoculating Chamber 4. Hot air oven 5. Centrifuge 6. Digital chemical Balance 7. Refrigerator 8. Autoclave	Smt. Sujata. J. T	VGST-SMYSR	3,60,000/-

3.3.4. *What are the research facilities made available to the students and research scholars outside the campus / other research laboratories?*

The researchers and students can make use of the research facilities which are available in the various PG Depts. of affiliated University. Apart from this, the facilities available in the BAMU Aurangabad, Central University of Karnataka, Kalaburagi, N. V. College, Kalaburagi, Indian Institute of Science, Bengaluru, Research Center Imarat [RCI], and Hyderabad can also be used.

3.3.5. *Provide details on the library/ information resource center or any other facilities available specifically for the researchers?*

The following facilities are available specifically for the researchers:

- Free internet accessibility.
- Availability of journals, magazines and books.
- Access to INFLIBNET: e-books, e-magazines and e-journals.
- Availability of sophisticated equipment.
- Use of LCD, printers, photocopier, scanners and other facilities.

3.3.6. *What are the collaborative research facilities developed/created by the research institutes in the college. For ex. Laboratories, library, instruments, computers, new technology etc.*

There is no collaborative research facility developed with other institutes. However, the facilities available with us and other Institutes are used.

3.4. Research Publications and Awards:

3.4.1. *Highlight the major research achievements of the staff and students in terms of*

** Patents obtained and filed (process and product):*

** Original research contributing to product improvement*

** Research studies or surveys benefiting the community or improving the services*

** Research inputs contributing to new initiatives and social development*

➤ **Patents:**

- No Patents

➤ **Original research contributing to product improvement:**

- The contribution made by Dr. C. S. Patil will help to Agricultural Fertilizer, Polymer Industry, Rubber Industry and Textile Industry.
Biotechnological Exploration of Phosphate Solubilizing Microbes: Bio-agents for Agricultural crops.

❖ **Human resource management:**

The Management of the institution has an HR policy which streamlines the human resource development and management activities. The Management takes care of appointments, leaves, increments, promotions etc. The policy guides Recruitment, Training and development of faculty and administrative staff. All types of welfare and compensation aspects of the employees are redressed. All faculty appointments are based on merit and personal interviews.

The College strategies and plans are implemented to recruit and retain faculty and other staff who have the desired qualifications, knowledge and skills.

The College supports and ensures the professional development of the faculty through budget allocation for staff development, research, participation in seminars, conferences, workshops, etc. It also supports membership and active involvement in Local, State, National and International professional associations.

❖ **Industry Interaction:**

Industrial visits and tours are arranged to provide exposure to manufacturing process, financial management, skills required for research and development on the field.

6.2.5. *How does the Head of the institution ensure that adequate information (from feedback and personal contacts etc.) is available for the top management and the stakeholders, to review the activities of the institution?*

The Head of the institution ensures that adequate information is available for the management and stake holders. Hence following steps have been taken:

- By arranging meetings of the various committees and staff to review the overall progress of the institution.
- Meetings with the heads of the departments.
- Personal interactions with students
- Information through feedback from the stake holders.
- Through parent teacher interface meeting.

The head of the institution is always in contact with the top Management and stake holders through formal and informal meetings. The necessary information is provided to top management and stake holders if necessary.

Apart from this, the Annual Report of the College activities by the Principal presented before the President of the Management is yet another channel for getting feedback review.

The College publishes “**Jnyana Jyoti**” a College Magazine, highlighting the articles, poems, jokes and creative writings by staff and students. The annual activities report and IQAC annual performance report are uploaded in the college website. All this will provide information of the activities to the top Management and stakeholders.

6.2.6. *How does the management encourage and support involvement of the staff in improving the effectiveness and efficiency of the institutional processes?*

The management encourages and supports involvement of the faculty for improvement of the effectiveness and efficiency of the institutional processes by:

- Constituting various committees
- Recognition of achievers
- Seed-money for research scholar
- Providing ICT aids.

6.2.7. *Enumerate the resolutions made by the Management Council in the last year and the status of implementation of such resolutions.*

The management council has made the following resolutions in the last year.

- To start PG courses
- To establish an English Language Laboratory.
- To harness solar lamps in the campus.
- To develop more no of ICT based class rooms.
- To establish water harvesting in the campus.
- Statue depicting the concept of founder President.

The above resolutions have been implemented.

6.2.8. *Does the affiliating university make a provision for according the status of autonomy to an affiliated institution? If ‘yes’, what are the efforts made by the institution in obtaining autonomy?*

Yes, the Govt. of Karnataka has recently taken initiatives in granting autonomy to Colleges. The minimum condition is, College should have ‘A’ Grade status. The institution will make its sincere efforts for applying for Autonomous status in near future.

6.2.9. *How does the Institution ensure that grievances / complaints are promptly attended to and resolved effectively? Is there a mechanism to analyze the nature of grievances for promoting better stakeholder relationship?*

The College has a Grievance Redressal Cell (GRC) consisting of a seven member team headed by the Principal. The Cell encompasses Academic Grievance Redressal, Sexual Harassment Redressal, and Discrimination Redressal. Apart from this, the College also has Women's Protection Cell.

Sl. No	Name of the Staff	Designation
1	Principal	Chairman
2	Prof. Anilkumar Anadure	Convener
3	Dr. P. V. Reddy	Member
4	Prof. Ashok Dongre	Member
5	Dr. Deepa Raga	Member
6	Prof. Vaman Rao	Member
7	Dr. Hanamanthappa B. S	Member

The stakeholders – staff/students - can approach any of the GRC members to share their grievances/complaints orally or in writing which will be placed before the Cell and are examined thoroughly. The complaints, assessments of the GRC and possible solutions & suggestions are forwarded to the appropriate decision making authority for necessary action. Students/faculty members can also bring their grievances to the notice of GRC in writing by dropping it in the complaints & suggestion box placed in the College Library.

6.2.10. *During the last four years, had there been any instances of court cases filed by and against the institute? Provide details on the issues and decisions of the courts on these?*

No. Till today no organization or any association or any individual has booked a case against the college as prima facie making it as party.

6.2.11. *Does the Institution have a mechanism for analyzing student feedback on institutional performance? If 'yes', what was the outcome and response of the institution to such an effort?*

Feedback reports are obtained from students on performance of Institution. On analysis, relevant revisions are identified and communicated to the respective authorities in the form of suggestions and improvements for necessary modifications.

The suggestions are highly appreciated. The viability is discussed and necessary measures are taken to make the optimum utilization of its resources.

The outcomes include a ladies room, providing the purified water with RO system, providing the Wi-Fi campus for accessing internet, timely maintenance of scientific equipment, maintaining the quality food in the college canteen, maintenance of toilets and addition of new books to strengthen teaching learning process.

6.3. Faculty Empowerment Strategies

6.3.1. *What are the efforts made by the institution to enhance the professional development of its teaching and non-teaching staff?*

The College supports the teaching and non-teaching staff to enhance professional development by:

❖ Teaching Staff Members:

- Permitting special casual leave to faculty members for carrying out research projects.
- Granting OOD leave for participation and presentation of research papers in Seminars/ Workshops/ Conferences.
- Extending financial support for those who present a research paper (oral or poster) in Seminar/Workshop/Conference.
- Faculty members are supported & encouraged to associate with State, National and International professional bodies.
- Providing latest study materials including e-Journals and e-Books to the faculty members through the Library.
- The Institution encourages staff for their academic enrichment by making them to participate in Orientation programs, Refresher courses and Training programmes.
- Special training sessions for the use of multimedia aids in teaching learning were conducted in association with the Department of Computer Science.

❖ Non – Teaching Staff Members:

The College has implemented various welfare schemes to enable the staff to function more effectively. Employees are given training in office automation and advanced skills related to their work. The College on regular basis deputed the office staff to attend skill development programmes organized by Management, affiliating University and Department of Collegiate Education.

6.3.2. *What are the strategies adopted by the institution for faculty empowerment through training, retraining and motivating the employees for the roles and responsibility they perform?*

The rules & regulations, working principles, and other strategies adopted for effective functioning of academic committees of the College are briefed to them by the Principal and HODs. The Head of the Institution apprises them with their roles and responsibilities through meetings and personal interaction. The strategies adopted by the institution for faculty empowerment is through:

- The faculty members are provided leave facility (OOD) to attend FDPs to upgrade their knowledge.
- The need for enabling its faculty to use ICT tools to create rich learning environment for the effective delivery of curriculum.
- Need based trainings are encouraged.
- Motivates faculty for Career Advancement Programmes.
- All staff members are provided with e-mail id's to enable quick communication. Provision for collective work environment is taken care of. The well-being of staff is taken care through various programs conducted for them.

6.3.3. *Provide details on the performance appraisal system of the staff to evaluate and ensure that information on multiple activities is appropriately captured and considered for better appraisal.*

The institution follows the self-appraisal method to evaluate individual performance of the faculty in teaching, research and extension.

The Principal and the HOD monitor the performance of the newly recruited teachers by directly interacting with them and gathering information relating to classroom situations and suggest changes, if necessary. The Principal orients them individually and explains the role expected from them by the Institution. The performance of the faculty is judged by their willingness to take up the responsibilities assigned to them. The projects undertaken by the teachers and their involvement in social development are some of the qualitative and quantitative parameters through which performance of the teacher is assessed.

The UGC has developed a performance appraisal report for “Self-Appraisal of Teachers” that considers the following factors in the self – assessment done by the teachers: Academic Advancement, Publications, Research Projects, Seminars/Workshops attended, Administrative Involvement, Contribution to Student Progression and involvement in Community related activities.

This appraisal system helps the teacher to identify the baseline and set goals and standards for growth. Many faculty improvement Training programs/Seminars/Workshops etc. are conducted to upgrade and empower the faculty members.

6.3.4. *What is the outcome of the review of the performance appraisal reports by the management and the major decisions taken? How are they communicated to the appropriate stakeholders?*

The performance appraisal report is scrutinized by the Principal and decisions are taken accordingly to ensure further development. Short comings, if noticed, are made known to the faculty by the Principal. The timely completion of Major and Minor Research Projects, attending OC and RC are encouraged.

6.3.5. *What are the welfare schemes available for teaching and non-teaching staff? What percentage of staff have availed the benefit of such schemes in the last four years?*

A satisfied employee is an asset for the Institution and can make the College a productive place. The administration has placed certain measures. They are:

- Advance payment of salary for staff on request
- Reservation of seats for children of the faculty under management quota.
- Canteen and physical fitness facility.
- Credit Co-operative Society through which financial assistance is provided for the staff whenever required.
- Provident fund.
- Festival advance once in a year During Dasshera/Deepawali
- Health checkup at College Health Centre.
- Group insurance
- Paid leave (Earned Leave).

6.3.6. *What are the measures taken by the Institution for attracting and retaining eminent faculty?*

The Senior and experienced faculty members of our college are given due respect by the Principal and the Management.

The faculty members who have obtained Ph.D. degree are honored by the Management. The Management gives absolute academic freedom to the Principal and the faculty members. A good academic culture promoting inter-personal relationship has been a credit to the tradition of College. The reputation of the College itself functions as major force in attracting efficient candidates. A harmonious relationship between the Management and the faculty is the greatest strength of our college. The retired staff after getting their willingness they are continued as a guest lecture. The eminent persons from other institutions are invited during special occasions for Special lectures with an attractive honorarium.

6.4. Financial Management and Resource Mobilization

6.4.1. *What is the institutional mechanism to monitor effective and efficient use of available financial resources?*

The college ensures a proper execution of finance generated from the funding agencies and Management. The College has formed a Purchase Committee, headed by the Principal and senior faculty members for this purpose. The College allocates sufficient budget to conduct various academic activities, to create adequate facilities and to organize quality programs such as Seminars, Conferences and Special lectures to fulfill the Institution's mission. At the end of major programs, the convener of the program submits an account statement on use of allotted funds. The annual financial audit ensures effective utilization of available funds.

6.4.2. *What are the institutional mechanisms for internal and external audit? When was the last audit done and what are the major audit objections? Provide the details on compliance.*

An internal audit is conducted annually by a Chartered Accountant appointed by the College. During the course of audit queries raised by the CA are clarified. The external audit is conducted by the Department of Collegiate Education, Government of Karnataka as per their convenience every year. The last audit was done on 26th August, 2016 and as there was no major audit objections

raised by them.

According to the audit report, proper books of account as required by the law have been kept by the college. The balance sheet, income and expenditure account together with receipts and payment account are in agree with the account.

6.4.3. *What are the major sources of institutional receipts/funding and how is the deficit managed? Provide audited income and expenditure statement of academic and administrative activities of the previous four years and the reserve fund/corpus available with Institutions, if any.*

Grant-in-aid is received from Government of Karnataka. This comprises salary grants. The tuition fees collected from the students. 50% is credited to Govt. Joint A/c and 50% will be retained in the institution itself. Other fee which is collected from the students will be as per the norms and is paid to the University. 50% fee which is retained is used by the Institution for general development. The deficit, if any, is met by the Management.

University Grants Commission also gives separate funds for purchase of books, laboratory equipment, furniture, and for other activities. The major sources of funding of the Institution are: (a) Salary Grants from the State Govt. (b) Fees (c) UGC Grants.

Please find audited income and expenditure statement for last four years appended in the annexure.

6.4.4. *Give details on the efforts made by the institution in securing additional funding and the utilization of the same (if any).*

The college devises various ways and means to mobilize the resources it needs for the welfare of the students. Some of the methods used by the college towards achieving these goals are as follows:

- The institution organized Seminars, Conferences; 5th National Women Science Congress and National Science Day. The expenditure to conduct is met by the grants received from the UGC, DST, VGST, Karnataka State Science and Technology Academy.
- The college encourages the teachers to obtain Major / Minor Research Projects and this funding amount helps the College to procure sophisticated instruments required to carry out research work and lab experiments.
- Sharing the needs of the College with Alumni of the college.
- Writing for grants for specific needs – UGC, DST, VGST, Management etc.

6.5. Internal Quality Assurance System (IQAS):

6.5.1. *Internal Quality Assurance Cell (IQAC)*

- a. *Has the institution established an Internal Quality Assurance Cell (IQAC)? If 'yes', what is the institutional policy with regard to quality assurance and how has it contributed in institutionalizing the quality assurance processes?*

- a) Yes, the institution has established Internal Quality Assurance Cell [IQAC] on 24th August, 2006.

It has contributed in institutionalizing the quality assurance processes as follows:

- The IQAC has been actively functioning in the college since 2006. For every two years the IQAC is reconstituted and many committees are formed. In keeping with the mission of developing required competencies in the students and make them responsible, every year it is decided to plan more activities and make the existing activities more effective.
- The planned activities such as organizing Seminars, Workshops, Special Lectures, Competitions, Sports activities, Cultural activities, Communicating activities through NSS, Infrastructure Development, Library facility and Office automation etc., were materialized with the active participation of various Committees formed.
- Teachers were encouraged to apply for Major and Minor Research Projects and to attend National/International Seminars, Workshops, Conferences, etc., and to publish their research findings in reputed National and International journals.
- The academic and administrative systems in the Institution are quite effective in enhancing the quality of education. The students play a major role in assuring quality education imparted by the College. It is through their active participation in class rooms and outside the class rooms that the quality of education is maintained. Their participation in quality assurance is assured by having students' representation in academic and administrative bodies. It is also assured by actively involving them in Cultural, Sports and Extension activities apart from class room learning.

- b. How many decisions of the IQAC have been approved by the management / authorities for implementation and how many of them were actually implemented?*

Conclusions drawn out of these meeting are placed before the Management for its deliberation on the same and final approval.

Most of the IQAC decisions are approved by the Management and are implemented. They are:

Sl. No	Proposals of IQAC	Implementation
1	Starting the PG Course in Chemistry & Hindi	In due course of time (after Recruitment of permanent faculty)
2	Enrichment of library facility and INFLIBNET service.	Implemented
3	Up gradation of the Laboratories with latest equipment	Implemented
4	ICT Facility for teaching	Implemented
5	Installation of CCTV networks in the campus	Implemented
6	Establishment & renovation of AV room	Implemented
7	Organization of National Seminar/workshops	Implemented

8	Safe drinking water facility	Implemented
9	Establishment of Language lab	Implemented
10	Improvement in the ladies rest room and toilets	Implemented
11	Wi-Fi Facility	Implemented
12	Appointment of Guest faculty	Implemented
13	Development of Infrastructure facility	Implemented
14	Development of Sports & Games activities.	Implemented
15	Promotion of Research by providing seed money	Implemented
16	Electricity backup Service	Implemented
17	Installation statue depicting the concept of founder President	Implemented
18	Solar lamps	Implemented
19	Water Harvesting	Implemented

c. Does the IQAC have external members on its committee? If so, mention any significant contribution made by them.

Yes. IQAC Committee has external members, according to the Guidelines of NAAC. The external IQAC members provide valuable suggestions towards the all-round development of the College.

d. How do students and alumni contribute to the effective functioning of the IQAC?

The student representative of IQAC team, who helps in the identification of student needs and opinions, thereby leading to the proper resolving of these issues are taken carefully.

Institution has a registered Alumni association. The alumni of our College are found in all sectors globally as IAS, IPS, KAS, Doctors, Engineers, Lawyers, Judges, Academicians, Scientists, Sports Personnel, leading Politicians, Businessmen, and Formers etc. Annual meeting of the alumni association is conducted. Alumni render their valuable service to the College through their valuable suggestions on various aspects and are incorporated for the smooth functioning of the College.

e. How does the IQAC communicate and engage staff from different constituents of the institution?

IQAC conducts meetings regularly; the decisions taken in the meetings are communicated to the staff and students for effective execution.

- Dissemination of information to the teachers through staff meetings.
- Preparing IQAC reports, annual activities report and uploading it to the website.
- Display of circulars on the notice boards.
- Providing various opportunities to the staff to explore their inner potential by involving them in different committees as coordinator / members.

6.5.2. *Does the institution have an integrated framework for Quality assurance of the academic and administrative activities? If 'yes', give details on its operationalization.*

Yes. The IQAC is systematic in the quality assurance of the academic and administrative activities of the College. IQAC conducts its meetings regularly. A new action plan is prepared and presented at the beginning of every year. Matters related to quality enhancement are discussed keeping the feedback received from stakeholders. The discussion ensures the participation of IQAC members, staff member and College Governing Body. Resolutions are made according to the priority of requests and availability of fund, infrastructure and plan feasibility. The year plan is communicated to each Department with guidelines for implementation. Regular meetings are held with Department Heads and representatives for reviewable and updating.

6.5.3. *Does the institution provide training to its staff for effective implementation of the Quality assurance procedures? If 'yes', give details enumerating its impact.*

Yes. The Institute provides training to the IQAC members by deputing them for attending the various Seminars and Conferences on enhancement in quality Assurance in higher education.

- The management organizes 3-days “FEEL teacher” a training programme for the teachers in 12-14, December 2014 and 5-7 February 2015, twice, in association with College for leadership and HRD Mangalore, 10 staff members are deputed for this in two batches.
- Teaching staff are provided opportunity to pursue Ph.D. degree and attend refresher courses, orientation programmes, faculty improvement programmes, faculty development programmes, training in computer utilization etc.
- Non-teaching staff are provided opportunity to attend various skill development training programmes such as training in basic computational skills, management skills development, etc.

These trainings have helped the staff of the institution in a better and promising way towards academic and administration quality assurance.

6.5.4. *Does the institution undertake Academic Audit or other external review of the academic provisions? If 'yes', how are the outcomes used to improve the institutional activities?*

Yes. Internal academic audit is regularly undertaken by the Principal of the Institution. Progress report of the syllabus as per the teaching plan, syllabus completion report, attendance of the students, daily work done diary, etc. are reviewed by the HODs and later reviewed by the Principal. Besides this feedback from the stake holders, helps in enrichment of teaching learning process.

The institution also undergoes academic audit by the CGB, which visits college regularly and interact with staff and students. They give constructive suggestions for improvement.

The external academic audit is done by the local inspection committees formed by the affiliating University to visit the college yearly and check all the teaching-learning process. The institution also academically audited regularly by the Joint Director of Collegiate Education, Regional Office, Kalburagi and gets into interaction with the staff.

6.5.5. *How are the internal quality assurance mechanisms aligned with the requirements of the relevant external quality assurance agencies/regulatory authorities?*

The functioning mechanism of IQAC is structured according to the requirements of external NAAC, the affiliating University and UGC. It prepares the Annual Quality Assurance Report to be submitted to the NAAC. This monitoring leads to the enhancement of quality.

6.5.6. *What institutional mechanisms are in place to continuously review the teaching learning process? Give details of its structure, methodologies of operations and outcome?*

The review mechanisms of teaching learning process are embedded in the IQAC. Formative and summative result analysis reviewed by the HOD's concerned, course plan preparation, attendance etc., are the mechanisms in place to review teaching learning process continuously.

Furthermore, compliance with Academic, Exam calendar events and course plan is ensured by the Subject Teacher, Mentor and HOD. Another mechanism to review the teaching-learning process is the Interim Academic Audit team led by the Principal and IQAC. The Principal and the IQAC Coordinator visit each department and assesses the performance and give feedback.

The teaching learning process is also reviewed through student feedback and result analysis. The results are discussed by the college council and necessary suggestions are given to arrange seminars, discussions, special classes, remedial classes etc. The outcome of review has helped in improving the quality of teaching learning process every year.

6.5.7. *How does the institution communicate its quality assurance policies, mechanisms and outcomes to the various internal and external stakeholders?*

The Institutional assurance policies, mechanisms and outcomes is communicated in the following way:

- Providing the college prospectus along with application form to the admission seeking students.
- Preparing IQAC report and uploading on to the college website.
- Display of circulars on the notice boards.

- The achievements of the staff and students are communicated to the stakeholders through leading newspapers.

Any other relevant information regarding Governance Leadership and Management which the college would like to include.

1. Group Insurance facility to the Staff.
2. Student Safety Insurance Scheme.
3. Extending Govt. Welfare scheme to the Staff members.
4. Staff working in this College are benefited with all major scheme introduced by Govt. and they are getting timely on par with Govt. College Staff.
5. Management is collaborative and supportive to stream-line the academic and administrative matters.

Hence, these facilities make the employee work more enthusiastically and with dedication for the betterment of Institution.

Best practices:

The significant best practices in Governance and Leadership are

- Communication of institutional vision and mission to the students, teachers, community by way of posters at various places of the institute
- Inter departmental collaboration in the faculty to share knowledge of skills.
- The committed team work and involvement of faculty and non-teaching staff members in planning and execution of developmental activities.
- Utilization of budget and other financial resources with utmost care.
- The practice of periodic review of academic progress in departmental meetings.

7. CRITERION - INNOVATIONS AND BEST PRACTICES

Innovation is the hallmark of excellence in any educational institution. It is also an indicator of quality assurance. Such an innovative approach is being adapted in the college.

7.1. Environment Consciousness

Guests visiting the College campus are captivated by the natural feel of the place with emphasis on the green and blue elements of nature created by the variety of plants, trees, lavish green garden and fountain, all maintained sustainably. The commitment towards environment percolates to the students of the College and they spread this awareness to the outside community too.

Environmental Consciousness is created among the students by conducting various awareness programmes such as Forest in Social Life, Wet Land Forest, Deforestation, Pollution Control, Global Warming, Climate Change and its Effects etc. “World’s Ozone Day” is celebrated every year.

Students are taken to field visits to know the procedure of treating sewage and biogas plants which provides a glimpse of the importance of having a sustainable development, organic farming to study medicinal plants and vegetation, ecological conditions etc.

The subject Environmental Science is taught compulsorily to the students of under graduate courses as a part of their curricula which is designed by the affiliating University.

7.1.1. *Does the Institute conduct a Green Audit of its campus and facilities?*

Yes. The Institution has an informal green audit. Garden supervisor appointed by the society will make the survey of the whole 52.4 acres campus and has named and numbered all the plants and trees. The campus records a total number of 500 various kinds of trees and 100 pots. Some new saplings are planted on special occasions and on Environment day celebrations, every year.

7.1.2. *What are the initiatives taken by the college to make the campus eco-friendly?*

- * *Energy conservation*
- * *Use of renewable energy*
- * *Water harvesting*
- * *Check dam construction*
- * *Efforts for Carbon neutrality*
- * *Plantation*

- * *Hazardous waste management*
- * *e-waste management*

Initiatives to make the campus Eco friendly:

Keeping up Eco-sensibility, we have an eco-friendly campus with a plenty of trees, green house and many potted plants.

➤ **Energy Conservation:**

To conserve the energy we have made it a point to use CFL and LED bulbs wherever suitable. Sustainability principles and practices are instilled in the students through awareness programmes and seminars.

The college conducts various awareness programmes on energy conservations. The students are informed to switch off the lights and fans before leaving the classrooms. Unnecessary usage of lights and fans is avoided. This is monitored by class leaders and staff members of Discipline Committee.

➤ **Use of Renewable Resources:**

The campus is gradually switching over to the use of renewable resources. Solar power backup is utilized as a power source for lighting.

Vermi culture is practiced in our college campus by utilizing the organic waste collected from the college canteen, fallen leaves and other debris in the campus. This provides sufficient vermi compost or organic manure to the plants of our campus.

➤ **Water harvesting:**

In a systematic way Water Harvesting unit is established in the college campus. During rainy season rain fall water is directed towards this unit which in turn recharge bore-well and helps to increase water table. *In a similar way roof water is directed towards open wells existing in our campus, which serves the purpose for the entire campus throughout the year.*

➤ **Efforts for Carbon Neutrality:**

- The College has taken steps to restrict vehicle entry into the campus and specific parking area is allotted for staff and students. The College has been nurturing a large number of plants and trees which can absorb carbon dioxide. The College has restricted the usage of plastic bags in the campus.
- The campus has a large number of trees and a Garden in front of the main building. During NSS/NCC/Scouts & Guides regular classes' tree plantation is done which helps in neutralizing the carbon and also makes the campus more beautiful.

➤ **Plantation:**

- The college plants saplings every year in the college. NSS volunteers will be watering the tree. The Garden supervisor will maintain the garden.
- On 2nd July 2016 and in the month of August 2016 Dist. administration in collaboration with forest department we have organized Inaugural session

of “Koti Vruksha Andolana” a scheme launched by State Govt. in our college campus. Dist. In-charge minister & MP were the guests in both the occasions. 250 samplings were planted in the campus and 1000 samplings were distributed to students of various School and Colleges.

➤ **Hazardous waste management:**

- Generally, no hazardous waste is generated in the campus from any Department. The condemned batteries are disposed through external agencies. All precautions are taken to store few concentrated acids/chemicals in a safe and separate room. The liquid waste from the chemical laboratories are isolated and neutralized, they are then released in common effluent stream and gets diluted.
- Special drainages are provided to direct chemical waste from labs to a specially constructed closed land fill.
- Awareness regarding plastic free zone is created among the students, which has brought down the usage of disposable plastic goods to the minimum extent.
- Dust bins are kept at various places of the campus for depositing waste materials.
- Radioactive sources are placed in lead containers.
- Degradable waste and non-degradable waste are collected separately and handed over to the waste management section of the city Municipal Corporation.

➤ **e-Waste management:**

- The College is disposing off E-Waste (waste electronics & electrical items) and other hazardous substances through the outside agencies.
- Dead UPS batteries are exchanged for new with the suppliers.

7.2. Innovations

Though restricted by the limited academic freedom of an affiliated Institution, this College has introduced a spectrum of transformative and innovative options during last four years to respond to the complex needs of its stakeholders.

7.2.1. *Give details of innovations introduced during the last four years which have created a positive impact on the functioning of the college.*

The College has been conducting programs for the holistic development of the students. The following innovative practices are introduced during the last four years.

- Daily prayer with National anthem is in practice to instill the spirit of patriotism.

- Awareness is created among students to use swadeshi products and to avoid foreign products. The list of swadeshi products (Such as toothpaste, soaps, shampoo, biscuits etc.) are displayed on a board under a slogan “Buy Indian goods, Bye- Bye Foreign goods”.
- Conduct of various sports and quiz competitions and cultural events every year on the eve of “Ganesh festival” 15th August & 26th January and winners are honored with prizes and certificates.
- Recognition of talented students by awarding cash prizes sponsored by faculties.
- ICT tools for teaching-learning process.
- Establishment of Language Laboratory to improve communication skill and Personality development skills.
- Spoken Tutorial classes sponsored by IIT Mumbai.
- Institution is recognized as NPTEL local Chapter by IIT Madras.
- Students Seminars.
- Conduct of Seminar/Conference/Workshop/Training programmes on different aspects to enrich knowledge.
- Audio visual facility.
- Safe Drinking water (RO+UV).
- Wi-Fi facility.
- Installation of CCTV camera
- Provision of LCD and Laptops in most of the departments.
- Mentoring
- Remedial classes.
- Internet facility in Commerce and Science departments.
- Water harvesting
- Zoology Museum.

7.3. Best Practices

7.3.1. *Elaborate on any two best practices in the given format at page no. 98, which have contributed to the achievement of the Institutional Objectives and/or contributed to the Quality improvement of the core activities of the college.*

Best Practice I:

1. Title of the Best Practice:

“Mentoring System”

2. Objectives of the Practice:

It is the prime duty of the Mentors:

- To follow the wards’ effort in achieving their goals.
- To enhance the process of education and the formation of character to meet the challenges of today’s world.
- To bring out the hidden talents and potential of the wards.
- To encourage teacher-student interaction outside the classroom.
- To emphasize on the Preventive System of Institution.
- To closely follow the academic progress of the students.
- To encourage participative learning.
- To help students to realize the importance of education.
- To motivate them to tide over emotional barriers that impedes their educational endeavors.

3. The Context:

Students undergo various problems of stress, statistically reveal increasing number of suicides and dropouts. Considering the student teacher ratio in classrooms, it is impossible at times to give personal attention to students in class. Therefore it is a ‘mentor’ who can form the bond with students in the true sense. Mentoring is required for students to achieve emotional stability and to promote clarity in thinking and decision making for overall programmes.

The mentor also strikes a balance between the students coming from the different strata of society. Thus creating an environment of self-respect and respect for others.

4. The Practice:

Mentorship is assigned to each member of the Arts and Commerce faculty based on the subject and class they handle. In case of science stream, they are assigned according to the practical batches they handle. The student profile designed to make provision to include all academic and personal details of the candidate including his/her parents/guardians information during the first year of degree.

Each staff member is allotted a batch of 30-40 students depending on the strength of the class & is a mentor for all the three years of their stay in the college

at UG level. A student profile helps to keep the track of student's growth and development on campus.

The mentor helps the students to understand the organizational culture. She/he provides guidance on personal issues and guides her/him to choose certificate /credit course offered in the institution.

Meetings are held once during the semester for group mentoring and on an individual regular basis whenever necessary to discuss, clarify and primarily to share various issues which may be personal, domestic, etc. Certain academic problems of the students are discussed in the department along with the Head of the Department. The mentor communicates the parents of their ward once a semester to update them on his/her overall performance. Constructive suggestions are made.

The parents are also called, when there is long absenteeism, irregularity in attendance, academic performance, and punctuality, irregularity in submission of assigned tasks and indiscipline arise from their ward. If necessary, a meeting is arranged with the Principal and the Head of the Department, to take major decisions.

The slow learners are also identified by the Mentors, who arrange for remedial classes and peer group study.

The uniqueness of the practice is the quality time spent by the Mentor with the wards to listen to their problems and guide them on the right path.

5. Evidence of Success:

Mentoring has proved to be the ideal system to have adopted, as tremendous improvements have been seen in overall performance of the students.

- Many students have been benefitted much from the Mentoring sessions. They are able to cope up with stressful situations at home and academic problems that they encounter.
- There is a significant change and marked improvements in the student's attendance and attitude.
- A remarkable number of students are able to successfully complete the course through the academic assistance in the form of remedial classes.
- Many students who have low self-esteem are counseled and they gain confidence over a period of time.
- Students who are inclined to discontinue the course are counseled and they regain confidence in pursuing and completing the course.
- Better discipline on the campus and peaceful relationship between teachers and students.
- Increased participation in co-curricular activities.

6. Problems Encountered and Resources Required:

Students are slow to imbibe the benefits of the mentoring system. Their non-seriousness, lack of motivation and low self-esteem are the challenges encountered by the mentors. Mentors often find it difficult to allot sufficient time to meet the students on a regular basis outside the class hours.

The limitation of the practice is the fact that many students are not focused and not ambitious; hence they do not pay heed to the advice given.

Resources: The institution has well-committed teaching staff who desire to help students beyond teaching time.

Best Practice II:

1. Title of the Best Practice:

“Skill –Will” Programme

2. Objectives of the Practice:

The goal of the programme is to train students in communication skills and soft skills such as Reading/Pronunciation/English speaking; Writing; Group Discussion; Job skill; Presentation skills.etc.

The “Skill-Will” Programme aims to train students in soft skills to empower them in the job market.

3. The Context:

Most of the students are from rural background. They are either first generation learners or from the vernacular medium. They come from the marginalized strata of society and it is difficult for them to get rid of their inhibitions. The deficiency in student communication skills results from the earlier education obtained through vernacular medium and from neglect of language skills during school education in general.

The students of the vernacular medium develop a complex when they are amidst the English medium students. The financial stress levels are insurmountable for many of them, which make them imbalanced. Many students come from socially dysgenic families with multiple problems. Hence, the task is very challenging and crucial.

The remarkable shift in the job market has brought pressure and responsibility right to the steps of the educational institutions. It is well understood that skills should be part of the teaching programme and that is the skill that make the student employable besides the acquisition of degree.

4. Practice:

Teachers from the department of English have taken the responsibility of this practice. The teachers are conducting orientation programme for the students class-wise and they are made aware of the importance of the communication skill and spoken tutorial classes especially for first & second semester students. They will notify the student for joining the programme and make a list of 100 aspired students; Theory classes ranging from 10-15 hours are conducted beyond their regular syllabus.

The details of the programmes which were conducted are provided as under.

Reading/Pronunciation/English speaking:

Class room listening, audio version of conversation–pronunciation of vowels, consonant words, sentences, listening to a conversation, finding of errors in words, pronunciation etc.,

Writing: Letter writing (Personal letter, Official letter, Business letter Curriculum vitae, etc.)

Job skill and presentation skills are provided through the digital English Language Laboratory which includes most of the communication and English language skills. Various consoles & Local chapters related to the above skills are available in the software installed. All the students are allowed for the training classes in batch wise to the Laboratory through audio visual effect.

Apart from this, the institution is registered with Spoken tutorials IIT Mumbai. Groups of 20-30 students are allowed to register for the spoken tutorial programme. It also offers online Certificate courses to develop job oriented skills. After completion of the course IIT Mumbai will conduct an online exam and provide a valid certificate to the successful candidates.

Our college has been recognized & established “National Programme on Technology Enhanced Learning” [NPTEL] Local chapter supported by IIT Madras & Sponsored by HRD. Students can improve their skill by exposing themselves to such an extent. Students of all stream Science and technology, Humanities, Management (Commerce) can make use of this facility extended by NPTEL. It also conducts online Certificate courses at the end and online exam will be conducted and successful candidates will be awarded with a valid certificate.

5. Evidence of Success:

- Improvement in writing skill
- Improved in communication skill
- Improve in the results.
- Students are able to use the computers.
- The students will get confidence to face the interviews.

6. Problems Encountered and Resources Required:

Time factor is a major problem. The students are not getting much of their time to attend these classes.

Resource persons who can impart English as well as soft skills, CD's, sufficient number of Audio Visual Equipment, Multimedia computers etc.

The NPTEL supported with copied video lecture hard disks (4TB+4TB+1TB). The students of our Institution will get an opportunity to view lectures of Nations Eminent Resource persons working in various National Institutes.

POST ACCREDITATION INITIATIVES

ACTION TAKEN IN RESPONSE TO CYCLE –II & ITS RECOMMENDATIONS

- PG courses like Mathematics, Chemistry, Physics, English, and Biotechnology need to be introduced.
 - In and around city of Bidar, there is a full-fledged PG Center of Gulbarga University, Kalaburagi and Four PG Colleges are functioning in addition to PG Center. Further, intake quota fixed by the University is not satisfactory and affiliation fee is exorbitantly high. Since, these are of self-finance courses; it is difficult to manage within the limited financial resources. And many of the permanent teaching faculties have been retired. Shortly management is appointing teaching faculty, in this regard Govt. has already sanctioned required posts. PG Courses will be started soon.
- More Job-oriented and add-on courses in the emerging areas may be introduced.
 - Efforts are being made to introduce job-oriented /add-on courses in Computer Hardware Networking Certificate Course, Higher Diploma Certificate Course and Advanced Diploma Certificate Course from 2012-13. Students are also made aware of online Certificate Courses conducted by Spoken Tutorial Project [approved by IIT Mumbai] and NPTEL IIT Madras (Since Institution is established as NPTEL local Chapter) in emerging areas.
- Efforts should be made to enhance the communication skills of the students in order to increase their employability. A language lab should be established at the earliest.
 - In order to develop communication skills and to increase employability opportunities among the students the Institution has established digital language laboratory. Globarena Technologies Pvt. Ltd. Hyderabad has updated the software recently i.e. in Sept. 2016. In addition to this NPTEL-IIT Madras and Spoken Tutorial Project-IIT Mumbai offers online Certificate courses in emerging areas to develop employability skills.
- Teaching-learning process needs to be further strengthened with the use of ICT
 - To strengthen Teaching-Learning process ICT class rooms have been established. Most of the classes are being conducted through ICT. Online and offline Spoken Tutorial classes are being conducted with the support of IIT Mumbai and IIT Madras.

- **Steps need to be taken to curtail the dropout rate**
 - The necessary steps have been taken to curtail the dropout rate through personal counseling by Principal and Mentor.
- **The College and the faculty should strive to get more grants through research projects from agencies other than the UGC like DST,DBT,CSIR,ICHR,ICSSR**
 - Most of the faculties have received grants for their Minor/Major research projects from UGC and have completed successfully. One of our faculty received financial assistance from Vision Group of Science and Technology [VGST] Dept. of Karnataka State Science and Technology, Bengaluru and completed successfully and honored with young scientist award. A proposal has been submitted to DST, New-Delhi to organize Science Camp in order to promote basic Science subjects and inculcate research oriented skills among the young students of Science stream.
- **More professional development programmes may be organized for both teaching and non-teaching staff**
 - The Management centrally organized professional development programmes such as “FEEL Teacher Learning and Development Intervention” in 2014 and 2015 conducted by College for Leadership and Human Resource Development, AIM INSIGHT, the HRD Group, Valencia, Mangalore-Karnataka.

Further, they have also organized Administrative Training and Computer Literacy Training programmes for administrative staff and Principals of all HKE Society Colleges. Many of the staff and faculties have been benefited by such programmes.
- **College may encourage the faculty to publish research papers in peer-reviewed journals**
 - Faculty members are being encouraged to participate in National/International level Conferences/Seminars/Workshops and are motivated to present research papers by providing leave facility and incentives to them. Few faculty members have published their research findings in peer-reviewed journals.
- **The feedback mechanism has to be strengthened and follow up action needs to be taken**
 - A systematic feedback mechanism has been adopted in our Institution. A student has to give his feedback on Course, Teacher and about Institution. The College Governing Body headed by HKE Society local Governing Council Member along with Principal review them and a follow up action has been initiated wherever applicable.

- **Library may be strengthened by procuring more reference books and standard research journals**
 - Every year Books, Magazines and Journals are added to the Library as per the felt need of stakeholders. Efforts are being made to strengthen Library with necessary tools. Internet facility is made available in the Library and Institution has been subscribed with N-List programme i.e. INFLIBNET. Faculty and students can access large no. of Books, Journals, Magazines and Reference Books at an ease.
- **Career guidance and Placement Cell needs to be strengthened**
 - Career Guidance, Training & Placement Cell has been established in the College. A senior faculty member is nominated as its coordinator. He is responsible for organizing Training, Workshop and to develop job oriented skills among the students. The Cell is putting its sincere efforts to organize Job-Mela-Placement Drive on the campus. Students are also made aware of off-campus placement drive/job-mela through posters/pamphlets supplied by the agencies.
- **Linkages with industries/institutions may be explored**
 - Institution is putting its sincere efforts to explore linkage with Research Institutions, Industries and other Institutions through field visit and study tour. Further, students are asked to write a report on the same. As a part of their curricula it is mandatory to submit a report for awarding marks during practical exam.
- **A long term perspective plan may be formulated for the College**
 - ❖ Keeping in mind the aims and objectives of Institution, a perspective plan for the period 2012-13 to 2020-21 is formulated for the overall development of the Colleges as follows:
 - i) Academic calendar of the events will be prepared for well beginning of the academic year keeping in mind yearly activities.
 - ii) IC Technology is used by the teachers and students.
 - iii) Library will be further updated with latest Books, Journals and Library tools. A separate Library building will be established with the financial support from UGC/ Management/Alumni/Stakeholders etc.
 - iv) National/International level Seminars/Conferences will be organized with the financial support from UGC and other funding agencies.
 - v) More and more Study Tour, Industrial visit and Field visit will be organized for students.
 - vi) Rapport with Industries and IT sectors will be strengthened for student's job placements.

- vii) Remedial classes in English and other subjects will be conducted to the students of down trodden like SC/ST and other weaker sections of the society. For poor and needy students “Earn while Learn”
- viii) Teachers will further encourage taking more research activities.
- ix) Campus to Community activities will be strengthened further with the help of NSS/NCC/Scouts and Guides.
- x) For poor and needy students “Earn while Learn” scheme will be introduced.
- xi) Focus will be given to Women empowerment programmes and development of the student’s personality in general and girl students in particular.

Section IV: Recommendations for Quality Enhancement of the Institution

- PG courses like Mathematics, Chemistry, Physics, English, Biotechnology need to be introduced.
- More job-oriented and add-on courses in the emerging areas may be introduced.
- Efforts should be made to enhance the communication skills of the students in order to increase their employability. A language lab should be established at the earliest.
- ✓ Teaching-learning process needs to be further strengthened with the use of ICT.
- ✓ Steps need to be taken to contain the drop out rate.
- ✓ The College and the faculty should strive to get more grants through research projects from agencies other than the UGC like DST, DBT, CSIR, ICHR, ICSSR.
- More professional development programmes may be organized for both teaching and non-teaching staff.
- ✓ College may encourage the faculty to publish research papers in peer-reviewed journals.
- ✓ The feedback mechanism has to be strengthened and follow up action needs to be taken.
- ✓ Library may be strengthened by procuring more reference books and standard research journals.
- ✓ Career guidance and Placement Cell needs to be strengthened.
- Linkages with industries / institutions may be explored.
- A long term perspective plan may be formulated for the College.
