TOUR INCHARGE

Dr. V. M. Chennashetty
(HOD of Zoology)

ABOUT FIELD TRIP,

(Visited to Khanapur forest, shaneshwar pond and Gayamukh, Papanash, Honnikery Forest at Bidar on 21.10.2022)

Khanapur forest, shaneshwar pond, the Basavagiri natural resources of Gayamukh forest and is rich in Biodiversity and Kosam lake nearer to heritage.

We the student of B.Sc VI semester students along with **Dr. V M CHENNASHETY HOD of ZOOLOGY Department, Kanchan.B and Pooja Mangalgi** visited to Khanapur forest, shaneshwar pond, Gayamukh forest and Basava giri.

Khanapur forest is around 10-15 KM away from Bidar City. It is dense forest and Biodiversity richness having varieties of Flora and Fauna.

Departure: 9.00 AM from college campus.

1. VISIT TO PAPANASH POND ECOSYSTEM

We arrived Papanash at 9.30 am. We all observed different kind of animals studied about them visited the pond which is present near papanash temple, and collected pond picture and observing the aquatic animals like common fish under the pond ecosystem. Students also able to understand regarding the complete processes of pond ecosystem with presence of producers, consumers and decomposers under it.

After that we left Papanash temple at 11:00 am and way to Basavagiri.

2. VISIT TO HONEY HIVE IN BASAVAGIRI

ved Basavagiri at 11.00 am with all our friends. at there we will take rest for 10 minutes meditation at the Basavagiri Bhavan after that all the students and staff member will eat s. then all we are going to obser the Honey Hive which is observed at the window roof of iri bhavan it seems like large in size with wider diameter , and we enjoying at this site wit ds and lectures and getting knowledge about Honey Bees and process of making Honey ached khanapur forest.

at we left the Basavgiri and start to way to the Dairy Form which is nearer to 2 KM from avagiri .

3. VISIT TO DAIRY FORM

we visited the diary farm near the basvagiri . Their was a 15 to 20 Cows and Buffallo in the diary farm we studied about the dairy farm adout the animals how much milk they give in one day . And we studied about the feeding food of cow and the house system and drantage system.

4. VISIT TO PIGARY CENTRE

After visiting Dairy farm we moved to pigary farm their was male(normally in Big size) and female pig (smaller than male pig). We studied about what they feed to the pigs . what is the market rate to sale the Pork and varieties of pigs were their in the farm . At the time of 12.30 we next moved to visit the Khanapur

5. VISIT TO KHANAPUR AND GAYAMUKH

Around 1.30 pm we arrived Khanapur forest with all students and Lectures we started about identification and collection of varieties of photos of Butterflies and Domestic animals .

Khanapur forest had rich source of Biodiversity and it made us possible to gain knowledge about varieties of Flora.

Around 2.00pm we had a Lunch and around 3.00pm we visited Shaneshwar pond . After we visited Vithal Rukmini temple near the Shaneshwar temple

5. OBSERVATION OF BIODIVERSITY IN HONNEKERY FOREST

At 4.00clock we moved to honnikeri .We observed the Area around the Honnikeri Reserve Forest and Vilaspur Lake(18kms from bidar) free roaming of blackbucks in the surrounding grasslands and is excellent for bird watching in winter.

At 4.30 we returned to college in the Bus with lot og enjoying and seeing the greenery nature
